Gen. Marshall Is Resuming Task Of Saving China

CHUNGKING, April 18.—(INS)—Reliable military sources indicated today that Nationalist reinforcements may reach Changchun within two days to relieve government troops reported battling in last-stand positions against Chinese Communists in the Manchurian capital.

The sources stated the Nationalist First Army encountered no trouble entering Szepingkai and expects to make twenty kilometers a day in its progress toward Changchun. This rate of advance would put the Nationalists at the Manchurian capital by April 20.

Churchill To Head British Battle On Nationalizing Move

LONDON, April 18.—(INS)—British conservative forces rallied today in fierce protest against the labor government's plan to nationalize a large percentage of the iron and steel industries.

Winston Churchill was slated to open the opposition attack on the government proposal by introducing a parliamentary motion of censure against the government.

This move, expected immediately after the Easter recess, will receive the support of all conservative leaders and former cabinet members.

Great Confusion

The government announcement of its intention to nationalize the iron and steel industries caused great confusion in Parliament, even among Labor members of Commons.

Experienced conservatives declared they had never known any

Fingerprints Of Slain Chicago Girl Are Being Studied

CHICAGO, April 18.—(INS)—A set of fingerprints taken from the severed arms of Suzanne Degnan, 6, kidnapped and murdered Jan. 7, today was studied by Chicago police experts.

The police believed the prints are those of the child and expressed hope they may lead to identification of the killer through a process of elimination.

The prints, which were reproduced with great difficulty by 30 chemical tests, will be compared with those found on a box of facial tissues near a window through which the slayer is presumed to have entered the Degnan home.

Committee Of Senate Favors A-Bomb Tests

WASHINGTON, April 18.—(INS)—The Senate Naval Affairs committee today gave its approval to the use of navy ships in the Bikini atomic bomb test.

It unanimously recommended Senate adoption of the House-passed resolution authorizing the test, with two amendments.

One would eliminate the requirement that the navy secretary agree with Senate and House naval committee on the ships to be used.

Another would limit combatant vessels in the test to 33—a change that Adm. W. H. P. Blandy, chief of the project, said was agreeable to the navy.

Parley In Coal Strike Delayed

WASHINGTON, April 18.—(INS)—Federal labor officials held slight hope today for a resumption of negotiations this week in the 18-day-old coal strike despite its mounting pressure on industrial activity.

Solid Fuels Administrator J. A. Krug and Civilian Production Administrator John D. Small issued separate warnings that the country's stock piles of bituminous coal are being steadily depleted and reconversion will suffer a serious setback if the walkout of 400,000 miners is prolonged.

British Troops In Japan Are Expanded

TOKYO, April 18.—(INS)—British occupation troops were given control today over additional areas of Japan, including all of the island of Shikoku and the prefectures of Okayama and Tottori on southern Honshu.

The area now under British control contains a total population of six million persons.

PILOT AVERTS CRASH IN AIR

Quick-Thinking Pilot Of Transport
Prevents Crash With Military Plane

NEW YORK, April 18.—(INS)—Eastern Airlines officials said today that a serious accident was avoided this morning over Philadelphia when a transport plane dropped several hundred feet to avoid a collision with an unidentified military craft.

The Eastern Airlines ship, piloted by Capt. Joe Kelly, dropped so fast that some of the 21 passengers may have been bruised and shaken. Airline officials said an official report would be made at Washington.

They explained that the plane left New York at 10:23 a. m. and was flying in a haze over Philadelphia at 11:03 when the military craft, believed to be a navy ship, appeared out of the haze. Captain Kelly had no time to signal the passengers to don safety belts, but he dropped the big transport in time to avoid a crash.

ster, the greatest casting ever poured in one piece weighed over 400,000 pounds, when cast, and will be trimmed down to 375,000 pounds when completed, and ready for shipment.

Those who visited the plant several weeks ago with the Mahoning and Shenango Engineers society could see by comparison how much busier the plant is now than then.

Plant Very Busy

Men were swarming over great chunks of steel, gouging away with chisels operated by compressed air, grinding with emery wheels, or shaving off with planers and shapers the surplus material from the casting, and machining these castings to tolerances of thousandths of inches.

In other departments, men were making the wooden patterns for the foundry, or were constructing the moulds for the castings many of them of an intricate shape and design; or were assembling the completed machines from small presses to turn out plastic materials, to the great monster capable of pressing heavy steel into auto bodies, etc. Tool and die makers were constructing the tools needed by the workmen to perform these tasks; men were cutting perfect circles of steel with acetylene torches, the flame eating through an half or three-quarters of an inch of steel with amazing speed, or they were doing countless other tasks but all with the purpose of getting the world on its way from war to peacetime work as fast as possible.

Deaths of the Day

Paul A. Welsh

Paul A. Welsh, aged 51 years, of 214 Edgewood avenue, died this morning at 4 o'clock in the Jameson Memorial hospital following an illness of 18 months duration.

Mr. Welsh, son of the late John L. Welsh and Rebecca Pitzer Welsh, who survives, was born May 1, 1894, in New Castle.

He was a member of Highland U. P. church, Lodge of the Craft No. 433, F. and A. M., New Castle Consistory, and Perry S. Gaston Post of the American Legion. He was active in musical circles in New Castle and vicinity, having been director of music of Central Presbyterian church for a number of years. He also served as music director of the Ellwood City United Presbyterian church. Mr. Welsh was county detective during the term of Judge Lamoree as district attorney.

Mr. Welsh, a veteran of World War I, being a first class sergeant, served overseas for several months and was an officer in the Reserve Corps for a number of years. He enlisted April 9, 1915, and was discharged May 15, 1919, after serving in the European theater, having taken part in the battle engagements of Champagne-Marne, Aisne-Marne, Oise-Aisne and Meuse-Argonne.

Survivors include his widow, Mrs. Anna Kent Welsh; his mother, Mrs. John L. Welsh, Clinton, N. C.; two sisters, Mrs. Charles Isaac, Washington, D. C., and Mrs. Joseph Weeks, Clinton, N. C.

Funeral services will be conducted Saturday afternoon at 4 o'clock from the R. L. Boyd funeral home, North Jefferson street, with Dr. D. L. Ferguson pastor of Highland U. P. church officiating.

Interment will take place in Castle View Burial Park.

Friends will be received at the funeral home Friday afternoon from 3 to 4:30 o'clock and that evening from 7 to 9 o'clock.

Mrs. Elizabeth Anna Friday

Mrs. Elizabeth Anna Friday, aged 84 years, died at her residence, R. D. 1, this morning at 5 o'clock after an illness.

She lived at the same farm all her life.

Two daughters survive: Mrs. Cora Cole and Mrs. Mary John; four sons, John P., James E., and William H., and Norman H. Friday, the latter two of Beaver Falls; a sister, Mrs. Levada Norton, this city; two brothers, James L. and Robert A. McMunn, the latter of Ashland, O., and 18 grandchildren.

Funeral services will be Saturday at 2:30 p. m. from the J. I. Porter funeral home, Ellwood City. Interment will be in Slippery Rock cemetery.

Rudy (Elari) Elery

Rudy (Elari) Elery, aged 32 years, of 11 Portage Path, Akron, O., died Wednesday afternoon at 4:20 o'clock in the People's hospital, Akron, O., after a lingering illness.

Mr. Elery was born in Chicago Heights, Ill., November 4, 1913, son of Rudolph and Carlotta Elari of East Linton street, this city.

The young man was a veteran of World War II, being stationed at Ft. Knox, Ky., for eight months. Mr. Elery was prominent and held a responsible position as sales manager for the Amster-Kurtz company for ten years in Akron, O., and was also widely known here in New Castle. He was a member of St. Lucy's church, this city.

His wife, Mrs. Thelma Rainey Elery, daughter of Alderman and Mrs. T. C. Rainey of R. D. 7, survives, and his parents.

The body will be at the DeCaro funeral home, Lutton at Cunningham avenue, where friends may call after 5 p. m. on Friday at any time.

High mass of requiem will be offered in St. Lucy's church Monday morning at 9. Interment will be in St. Lucy's cemetery.

Bradford Funeral Time

Funeral services for William Henry Bradford, of 102 South Crawford avenue, who died Wednesday as the result of advanced age, will be conducted Saturday afternoon at 2 o'clock from the R. L. Boyd funeral home, North Jefferson street, with the Rev. J. Calvin Rose, pastor of the Second U. P. church, officiating. Interment will take place in Oak Park cemetery.

Mr. Bradford, son of the late David and Ellen McCracken Bradford, was born February 24, 1859, in Bradford, Pa. He was a retired steel worker and was a member of the Second U. P. church and the Men's Bible class.

Survivors include four children: Robert G. Bradford, Youngstown, O.; David Roy Bradford, Los Angeles, Calif.; Mrs. Margaret Fulkerson and W. J. Bradford, both of New Castle. He also leaves six grandchildren.

REVEAL CRUISER CAUSED HAVOC IN LAST STAND

(Continued from Page One)

had sighted two cruisers headed straight into the bay.

The Perth and Houston came in between a small island and the mainland. The Fukubi, which they had failed to see, trailed the cruisers, radioing their position at intervals. The destroyers threw a smoke screen about the transport area.

The Perth and Houston steamed directly toward the landing ships, and opened fire with all weapons. Three ships were sunk and four more badly damaged.

Meanwhile, unnoticed, the Natori and her destroyer screen approached the cruisers.

Nagai said:

"As gunnery officer I gave the order to fire and our searchlights caught and held the enemy ships as the destroyers raced in to launch their torpedoes.

"Their torpedoes rammed home and at 0143 the Perth sank. The Mogami and Mikuma dove into range. The Perth and Houston shifted their fire to the newcomers.

"At this time small fires were burning behind the Houston's bridge as she reeled from two torpedoes and a dozen shell hits.

"The Natori and the destroyers were reassembling for a second attack when a torpedo from the Mogami struck the Houston.

"Another torpedo slammed against the Houston's side. At 0204 the American ship slipped silently under the surface.

"At dawn the bay was black with oil from the sunken transports and cruisers as we searched for survivors."

scraped for dependents to pad out passenger lists. Notice was served that unless the numbers increased some of the 24 "bride ships" assigned to the operation will be withdrawn.

The average capacity of these ships for dependents is under 750, but it was pointed out that the vessels are making journeys with only 300 or 400.

The spokesman expressed doubt that theater commanders would act to encourage men to fulfill their obligations to the alien women they married. The situation was termed a "moral problem."

Must Make Requests

The spokesman said that in his opinion any action was the responsibility of congress.

He explained that under a law enacted by congress the transportation corps is prohibited from bringing to America any dependents of American veterans and servicemen unless these husbands and fathers make specific requests in writing that transportation be provided.

Of the approximately 8,600 women and children now stranded, about 6,500 are in the United Kingdom, 1,000 in Europe and 500 in Australia and other Pacific areas.

GEN. MARSHALL IS RESUMING TASK OF SAVING CHINA

to the Manchuria crisis and the completely deadlocked political situation, both of which developed during his absence.

Marshall disclosed he would begin his work with a conference with United States embassy officials, followed by talks with Chinese leaders, including Generalissimo Chiang Kai-Shek and Communist General Chou En-Lai.

Marshall added, however, that he was "certainly not prepared to make a statement yet on China" nor on results of his recent trip to Washington.

Deeply Involved

Observers recalled that before he left for Washington six weeks ago, Marshall had declared in Hangchow, "I am deeply involved in your situation and I have failed."

Marshall told newsmen after his Changkung conference he expects to go to Nanking, "probably soon."

Military sources expressed the view that the Manchurian situation looks complicated but not beyond hope of settlement.

Scattered reports indicated strong Communist forces outnumbering Nationalist defenders in one or had captured the greater part of Changkung.

their dispute was dropped entirely from the council agenda. This report was certain to precipitate vigorous debate which might resolve itself into the making of an ultimate decision.

Preparations were that the Polish-French-Mexican proposal to obstruct Spain would be defeated by a narrow margin, although no vote was expected until next week. Soviet Russia and Austria will support the Polish charges, but the United States, Great Britain and the Netherlands, only have to muster two additional votes to prevent any precipitous council action.

sequent joint conference to bring out a bill acceptable to President Truman and Economic Stabilizer Director Bowles.

Amendments Added

In twelve hours of continuous session, the house wrote the following amendments into the bill:

1. By Wolcott, abolishing the OPA on March 31, instead of June 30 as desired by the administration.
2. By Wolcott, requiring that price ceilings reflect all production costs plus a reasonable profit for each article.
3. By Wolcott, requiring gradual termination of the one billion, 800 million dollar food subsidy program by Dec. 31.
4. By Rep. Flanagan (D. Va.), ending the 75 million dollar meat subsidy program on June 30.
5. By Rep. Gossett (D. Tex.), abolishing price control on individual items after June 30 when production rises to the level of output between July 1, 1949 and June 30, 1941, and to end controls on farm products when supply equals domestic demand.
6. By Rep. Crawford (R. Mich.), requiring price ceilings on consumer durable goods, such as autos, refrigerators, and other reconversion items, to allow pre-war and related profits to wholesalers and retailers.

In one vital case did the coalition fail to attain its objective. An amendment by Rep. Wadsworth (R. N. Y.), removing meats from ceiling price and other OPA controls, which had been adopted earlier in the day, was rejected by a roll call vote of 223 to 172.

SILVER WEDDING FOR HARLANSBURG CLUB MR. AND MRS. P. AUDINO MEETING WEDNESDAY

Mr. and Mrs. P. Audino, of 802 Arlington avenue, quietly observed their twenty-fifth wedding anniversary on Sunday, with friends and relatives calling, and extending best wishes.

Mr. and Mrs. Audino were married April 14, 1915, in St. Vitus church, Rev. Fr. Nicholas DeMita, officiating.

They are the parents of three children: Teresa, Ralph and Anthony.

During the day, the family enjoyed a full course dinner, served on a beautifully arranged table, spring colors predominating.

Earlier in the morning, the family attended mass in St. Vitus church, and received holy communion.

An informal social time was featured during the day. Mr. and Mrs. Audino were the recipients of many lovely and useful gifts.

HARLANSBURG CLUB MEETING WEDNESDAY

Harlansburg Garden club was entertained Wednesday afternoon at the home of Mrs. Leslie McCracken, Harlansburg road.

"What Am I?" was the subject for roll call and members responded by each one describing a flower for the club to guess.

Speaker was Mrs. Robert W. Lamore, president of the Garden Council of Lawrence County, who described vividly some of the garden centers she has visited and outlined tentative plans for such a center here. She also told about her visit to the international flower show in New York.

Past president of the club, Mrs. Mildred Turner, was presented with a lovely gift of jewelry from the club.

Mrs. Turner's report of New Castle was a special guest.

Plans for the May meeting will be announced later.

RIDENBAUGH MILLS WEDDING DATE SET

Miss Eva Audrey Ridenbaugh, daughter of Mr. and Mrs. P. H. Ridenbaugh of 108 Edison avenue, has chosen Saturday, May 18, as the day for her marriage to Robert Henry Mills, son of the late Mr. and Mrs. Henry Mills, of Natrona Heights.

The ceremony will be performed in the First Presbyterian church at 7:30 o'clock by Dr. John Jamison McIlvaine, pastor.

Miss Ridenbaugh has asked her sister, Miss Betty Ridenbaugh, to be her maid of honor and as bridesmaids she will have the Misses Martha Loch of Greenville and Jean and Mary Mills of Natrona Heights, sisters of her fiancé. Miss Carol Snyder of Sharon will be junior bridesmaid.

Mr. Mills has asked Ray Mickey of Natrona Heights to be best man and has asked Eugene Stewart of Natrona Heights, Jack Potter of New Castle, George Steck of Oil City and Ross Ridenbaugh of Washington, D. C., to usher.

JOHN R. PRESTON TO ADDRESS FEDERATION

Lawrence County Federation of Women's clubs will hear as speaker at the morning session of the annual spring meeting to be held Tuesday, April 23, in the First Presbyterian church, John R. Preston, secretary of the Lawrence County Veterans Advisory Council.

Mr. Preston will speak on "The Community's Responsibility to the Returned Service Man," for which responsibility, he points out, definitely the community's, to help the veterans re-establish themselves.

This is a problem of postwar readjustment vital to the well-being of the community and it is our responsibility, Mr. Preston believes, to see that men receive training on jobs and have places to live, for these are the most pressing concrete problems.

Less tangible but just as important is the need to attempt to help veterans used to the regime of military service re-establish their thinking processes. This definite responsibility, he believes is one that can be solved only by calling it to people's attention so that they can help the veteran readjust.

Mr. Preston will speak in the morning directly preceding noon luncheon, arrangements for which are in charge of Mrs. C. Edson Rummel, of the Federation Junior club.

Mrs. Joseph Durr, of Sewickley, speaker of the afternoon is chairman of the Pennsylvania Federation program committee, and will have as her subject, "Are You on the Program Committee?"

Indications are that there will be a large registration of members of federated women's clubs not only from New Castle but from Ellwood City, New Wilmington, Bessemer, Wampum, and other communities of the county, as the program planned is one of unusual interest and timeliness to all members of women's clubs.

Plans for the May meeting will be announced later.

Mr. Preston's report of New Castle was a special guest.

RAINBOW ASSEMBLY HAS FINE MEETING

An outstanding meeting, featured by several special features, marked the meeting of New Castle Assembly No. 1, Order of the Rainbow for Girls, in the Cathedral Wednesday evening.

With Miss Marcia Ballard, worthy advisor, and Miss Evelyn McKibben, another advisor, presiding, the beautiful initiatory work of the order was exemplified for a class of 23 candidates.

George N. Clark of Cleveland, supreme deputy for Pennsylvania, Ohio and West Virginia, was a special guest, and presented his traditional rose service for the new candidates, which was most impressive. When Mr. Clark was introduced, a honor escort, composed of 14 most worthy advisors paid him tribute. Miss Marston Wheldon, grand soloist of the Pennsylvania Grand Assembly, sang a beautiful solo number, accompanied by Miss Marjorie Van. Miss Mary Kiefer, president of the Past Advisors club, presented Mr. Clark with a gift in behalf of the Assembly.

Other solo numbers were rendered during the evening by Miss Harriett Birk, accompanied by Miss Lois Baum, and Miss Marie Olson, accompanied by E. E. Branstetter.

An Easter drill, directed by Miss Betty Ridenbaugh, added much to the evening's beauty. Misses Betty Anthony, Agnes Luce, Barbara Van, and Nancy Bechtel served as ushers. Lunch was served at the close of the program by a committee headed by Mrs. J. W. McCreary. Over 200 were present, including members of the Ellwood City Assembly and advisory board.

B. P. W. DISTRICT OFFICERS ELECTED

At a meeting of the executive board of the Business and Professional Women's club held Wednesday evening in the Y.W.C.A. with Miss Mary Scherger presiding, a report of the district meeting at Kittanning on April 13 was given.

District officers were elected as follows: chairman, Mrs. Helen McKinney, of Ellwood City; co-chairman, Miss Ada Good, of Kittanning; recording secretary, Miss Ethel Anderson of Butler; treasurer, Miss Eugene Davis, of New Castle; Miss Scherger is the retiring district chairman.

New Castle B.P.W. club had the largest representation from among guest clubs at the district meeting. Those from here who attended were Miss Mary Scherger, Miss Mary Bigley, Mrs. Hazel Bond, Miss Florence Davis, Miss Geraldine Fry, Miss Dorothy Long, Miss Mary Mar, Miss Helen Meyer, Miss Sara Sankar, Miss Cune, Miss Bonetta Sam, Miss Evelyn Spencer, Mrs. Edith Vogan, and Miss Dorothy Young.

May 17-19 was announced as the dates for the B.P.W. state convention to be held in Williamsport.

On April 24 New Castle club members will meet for a "get acquainted" party at The Castle.

Arrangements are in charge of the Membership committee, Miss Florence Davis, chairman, Miss Helen Meyer, co-chairman. Reservations to date indicate a large attendance of the club membership.

CHAPTER 105 O. E. S. DINNER ELECTION

Past Matrons of O. E. S. Chapter 105, entertained at a delightful dinner party Tuesday at an inn in New Wilmington in honor of their junior past matron, Mrs. Coraetta Reid.

A tasty dinner was served at tables tastefully appointed in spring flowers and tapers, with green and yellow being used as the color scheme. Miniature Easter bunnies marked places for 16 guests.

Following serving, Mrs. Bordie Sturdy presented Mrs. Reid with an attractive gift, in behalf of the group, in appreciation for her splendid work in the chapter during the past year.

During the business meeting, conducted by Mrs. Sturdy, officers for the coming year were elected. They follow: president, Mrs. Anna Melvin, vice-president, Mrs. Margaret Sanfillipo, secretary, Mrs. Idylline F. Wimer, and treasurer, Miss Dorothy Long.

An initiatory ceremony, including Mrs. Reid into the Past Matrons club, was presented by Miss Martha Bigley and her officers.

The remainder of the evening was spent in playing cards, high score being captured by Miss Long and Mrs. Mary Buzard. Mrs. Margaret Whirlston received the door prize.

Miss Martha Bigley, of North street, will entertain the group at their next assembly.

Members of the 1937 club gathered for their regular weekly round of 500 in the Elks club Wednesday afternoon.

Winners of high score honors were Mrs. A. H. Casey, Mrs. George Woodring and Mrs. Celia Young.

On April 24 the club will meet again at the same place.

DINNER ON CLASS

28TH ANNIVERSARY

Borden Bible class of the First Methodist church celebrated its twenty-eighth anniversary with a dinner at an inn in New Wilmington Wednesday evening. Dinner was served at 6:45 to 52 members and guests at a table decorated in yellow and white with daffodils in floral arrangements.

Host committee on arrangements was Mr. and Mrs. Thomas Allen, Mr. and Mrs. J. J. Dickerson, Mr. and Mrs. Vennor Bright, Mr. and Mrs. Campbell Carney, Mr. and Mrs. John London, Mr. and Mrs. Earl Buzard, and Mr. and Mrs. David Rees.

Included on the dinner program was the reading of greetings from 22 former members, the messages read by Mrs. Campbell Carney.

A talk and reminiscence on the starting of the class was given by George R. Borden, of Blaine, Wash., first president of the class and one of its charter members. Mr. and Mrs. Borden, who are houseguests of Mrs. C. Ed Brown, were special guests. Mr. Borden, a former Y. M. C. A. director here, is mayor of Blaine.

Charter members present at the dinner were Mr. and Mrs. Borden, Mrs. C. Ed Brown, Mr. and Mrs. Oscar J. Shaffer, and Mr. and Mrs. Campbell Carney.

Riley Ballard presided and acted as M. C. for the dinner program.

A reading by Mrs. Borden, a skit by DeLace Cole and group singing were features of the program.

Led by Mr. Cole, a special quartet sang two selections. In the quartet were Dr. Burr R. McKnight, Matthew Hornung, Thomas Allen and T. A. Grant. They were accompanied at the piano by Mrs. J. Carl Miner.

New officers took office at this meeting. They are as follows: president, Feras Powell; vice president, Mrs. Campbell Carney; secretary, Mrs. Benjamin F. Steinbrink; assistant secretary-treasurer, Mrs. Daniel A. Carroll; teacher, J. Carl Miner; assistant teacher, Oscar J. Shaffer.

Present from out-of-town were Mr. and Mrs. George R. Borden, of Blaine, Wash. Mr. and Mrs. William Snyder, of Ellwood City, Mr. and Mrs. William Ward of West Middlebury, Mr. and Mrs. Robert McKnight, of Pittsburgh, and C. J. Borden of Brooklyn, N. Y.

COUPLE 'AT HOME' IN NEW WILMINGTON

Mr. and Mrs. Owen Vernon Funk have returned from a wedding trip by motor to Columbus, O., and are at home to friends at 123 South Market street, New Wilmington.

Mrs. Funk is the former Miss Mabel Grace Hawthorne, daughter of Mr. and Mrs. Marvin Hawthorne, of North Market street, New Wilmington. Mr. Funk is the son of Mr. and Mrs. Harry Funk of South Market street, New Wilmington.

The couple plied their trade in the parish of the United Presbyterian church, New Wilmington, at 4:30 o'clock in the afternoon, April 11. Dr. J. Ralph Nease performed the double ring ceremony in the presence of the immediate families.

The bride wore an olive green suit with brown accessories and a carriage of white orchids. Miss Ramona Mounts was maid of honor.

Warren Korian, uncle of the bride served as best man.

Following the ceremony a wedding dinner was served at a local inn.

Mr. Funk who recently received a discharge from the navy after serving 34 months, is employed at the Walker Manufacturing company of Mercer.

Mr. Funk is the son of Mr. and Mrs. J. A. Hewitt, of 115 East Wallace avenue.

Due to the fact that L. Hewitt is on a short leave from duty at Turner Field, Albany, Ga., the bride-elect has come to New Castle for the wedding, which will be solemnized at an open church ceremony at 4:30 o'clock Easter Sunday afternoon in Highland U.P. church.

Dr. D. L. Ferguson will officiate. A reception at the Hewitt home will follow the ceremony.

LAWRENCE BURNSIDE MARRIAGE REVEALED

Mr. and Mrs. George Lawrence of East New Castle announce the marriage of their daughter, Grace Lane, to Kenneth Burnside, son of Mr. and Mrs. Clair Burnside of Harlansburg at a ceremony performed Friday evening, April 12, by Rev. William J. Holmes in his residence, 314 Englewood avenue.

Mr. and Mrs. Merle Bates of Harlansburg attended the couple to their new home at 123 South Market street, New Wilmington.

Birthdays For Two
Willard and David Vredenburg, sons of Mr. and Mrs. H. S. Vredenburg of the Harlansburg road, on a recent afternoon in celebration of their birthdays were hosts to 23 youngsters.

The joint birthday fete was for Willard who was seven years old Monday and for David who was five on April 1.

Games were the pastime and prizes were awarded Barbara McCormick, Lucile Sharr, Rose Wellman and Ronald Fitzgerald.

Mr. and Mrs. Felix of 713 East Long avenue announce the engagement of their daughter, Mary to John F. Nussler, son of Mr. and Mrs. John Nussler of Beaver Falls.

No date has as yet been set for the wedding.

Mr. Nussler has recently been discharged from the army, having served overseas for three and one-half years and is now residing in Washington, D. C., where he is co-

owner of the Washington Glass Laboratory and Instrument company.

Farewell Dinner
Forty guests were entertained for dinner by Mr. and Mrs. Peter Annas and Mr. and Mrs. Louis Thomas, at the former's home, 423 Kurtz Place, Sunday evening as a farewell event for James Demos.

Demos has enlisted in the Army Air Corps and has left for Fort George G. Meade, Md., to report for duty. He graduated from New Castle high school with the June division of the class of 1945.

During the evening a social time was enjoyed and the guest of honor received a number of farewell remembrances.

Birth of Son
Announcement is made of the birth of a son to Mr. and Mrs. Jack Neal of Mercer R. D. 3, on April 11 in Mercer Cottage hospital.

Where Are They?

The Office of War Mobilization and Reconversion continues to insist that civilian production has reached an all-peacetime record, but the American public just as persistently continues to ask what has become of all these things that are being turned out with such a lavish hand. It is an eminently proper question and, in spite of all the statistics in the world, it will not be adequately answered until it is possible once again for people to go into stores and obtain the goods they need so badly.

Figures are all right in their place, but they are a poor substitute for new automobiles, radios, washing machines, shirts, stockings and a host of other commodities still in short supply. They cannot be ridden in, they cannot be eaten, clothes cannot be washed or ironed in them, they cannot be worn. To be fed them so constantly is, in fact, a pure and simple aggravation.

Perhaps the OWMR would be better advised if it remained silent on this subject for a time. It may be granted that the demand for civilian goods is extremely heavy and that consequently most items are snapped up the minute they are offered for sale. But so long as stores and showrooms have "for display only" signs on much of their merchandise, the average citizen is not in the least impressed by recurring statements of record production.

Fame And Longevity

"Who's Who" tells many a tale and could tell more if one read between the lines. Dr. Mapheus Smith, sociologist for the selective service system and former University of Kansas professor, has done that and come up with the conclusion that the famed die young.

Comparing ages of men when they first were listed and when they died, he found that they had been reaching their life expectancy—though, actually, they should have lived longer with the advantages of wealth, education, medical attention and servants.

Dr. Smith inferred these were offset by strain, lack of exercise, overwork and erratic hours. Americans, with the exception of members of the Supreme Court, seem to die young. He said, "With more and more persons achieving distinction in various walks of life only to die around fifty, he commended the example of little known people, retiring to live quietly to a ripe old age."

The exception noted in the case of members of the Supreme Court is interesting. Strain, overwork and erratic hours are not readily associated with the nation's highest bench.

There is an odd contrast in the fact that those who achieve fame often find life too short, while many of those who seek to assure longevity with retirement find their situation too inactive. Objectively, the average person may prefer longevity to fame as such, but individual choice becomes difficult with man a creature of ambition as well as of habit. Everyone is likely to follow his own interpretation of "It matters not how long we live, but how."

Facing The Peace

The widespread impression that peace would come as a natural sequence to war and would involve few problems so far as the United States is concerned, has now been discarded. The nation faces the grim reality that peace brings its obligations as does war. These obligations were not apparent or were lost sight of in the tumult and shouting which followed the surrender in Tokyo Bay.

Uncle Sam's boys won the war, so what? Everything was hunky-dory. All that remained was to lend a few dollars here and there and ship a little wheat to starving Europe. But soon came the realization that this nation, the greatest producer the sun ever shone upon, was not meeting the demands which came with peace.

Almost overnight America lost the vision which had inspired victory in a global war. Americans let down as a people. Everybody went fishing, so to speak. Peace had come, why not start another strike? As a result, America stands condemned before the world in its own national conscience. Only when this nation faces the peace with the seriousness which it faced the war will national self-respect be restored.

Four Years In India

The American story in the India-Burma theater has come to an end. The flag on the war headquarters at New Delhi has been hauled down, farewell toasts have been drunk with the British and the remaining few thousand GIs have been concentrated at Calcutta to "sweat out the boats."

It is the end of a bit of American history that saw soldiers and airmen concentrated in these far-away lands to meet and help contain the menace of a Japanese invasion of India and to supply from bases there, across the Himalayas, an isolated Chinese ally.

Indians view the departure of the Yankees, after four years, with mixed emotions. Some regard their presence in the same way they do that of the British, as a symbol of western imperialism. How many Indians give a thought to the kind of "civilization" they might have under the Japanese, had the Americans not come?

One Man's Opinion

By WALTER KIERNAN

(Distributed By International News Service)

UN hall (by pipe line)—Dr. Lange charges that Spain is overrun with Spaniards and he can prove it!

Later on he may establish that almost as many Spaniards don't dare return to Spain as there are Poles who don't dare return to Poland.

But he has an airtight case . . . Franco not only is threatening the security of the world but he doesn't even get into the last war.

What kind of a peace-loving government is that?

Our government is loathe to get into this Spanish situation because it means helping Spanish Republicans . . . and you know how Washington feels about Republicans.

But Carroll Reece has wired Dr. Lange "why bother with Spanish Republicans . . . American Republicans have been in exile longer."

Anyhow the Security Council has a new chairman and it's nice to start with a fresh argument.

I'm watching things for you but it's beginning to cloud up here.

WASHINGTON CALLING

by MARQUIS CHILDS

Believes Gen. Bradley Making Good Progress

(Editor's Note: This is the first of two columns on the Veterans' Administration and Gen. Omar N. Bradley.)

WASHINGTON, April 18.—Less than a year ago, far-flung American armies were sweeping across Europe toward the final victory. Today one of the chief authors of that victory, General Omar N. Bradley, is head of the government agency that oversees the interests of a vast army of veterans.

When General Bradley was drafted by President Truman to be head of the Veterans' Administration, he could hardly have realized what was ahead of him. The job is so big, it is hard to grasp.

In July of 1945, there were 2,680,000 veterans of World War II. The figure for the end of March of this year was 11,310,000. When the veterans of other wars are included, the grand total is 15,296,000. That is a large chunk of the population. If you include families, with an average of four to a family, you get something close to half of all the people in this country.

Inherited Work Out Organization Inheriting a worn-out, overworked and hidebound organization, Bradley is beginning to make progress. At least, he's beginning to get the light over the mountain of official documents and papers that, at the beginning of his term of servitude, loomed like one Pike's Peak piled on top of another.

That progress has come out of hard, unremitting toil; out of ceaseless, patient effort fourteen or fifteen hours a day. With the country in the midst of a growing boom, there have been obstacles that seemed at times insurmountable.

The paper work connected with pension claims, veterans' insurance and education under the GI Bill of Rights, has doubled and tripled from week to week. There was a big backlog when Bradley took over. He got this moving so that it would be easier to meet more office space. It meant going into cities that were regional headquarters for the Veterans' Administration to try to find thousands of square feet of office space. It meant trying to hire hundreds of additional clerks in a boom market.

Waiting List Cut Down Slowly but surely, the waiting list is being cut down. In February, for example, 660,899 disability or compensation cases were pending out of World War II. By the end of March, this had been reduced to 554,917.

More figures hardly convey the picture. It snowballs so rapidly. A year ago, there were only a few hundred thousand veterans paying premiums on the insurance they took out during the war. Today the figure is around 2,000,000. Two million letters a month, many of them without the necessary information, many of them without a proper address.

One special problem is causing Bradley a lot of worry just now. Months ago, a program of hospital construction was blueprinted. It provided for the building of 75 hospitals in a program that would enable the Veterans' Administration to stay up with its case load through 1950. Congress in due course appropriated the money, specifying a fixed amount for each of the hospitals.

Not long ago, the Veterans' Administration called for bids on two of those hospitals. In rapid succession, letters were sent to about 200 contractors who would presumably be interested in bidding. For the proposed hospital at Grand Junction, Colorado, three bids came in. They were nearly 100 per cent over the cost allowed by Congress. On the other hospital, at Providence, R. I., the bid was received which was about 60 per cent above the cost allowed in the congressional appropriation.

That, of course, reflects the boom. Contractors simply aren't interested in government construction on a narrow margin of profit. They hope for a killing in a seller's market.

This makes a new and very tough problem for General Bradley. In effect, it means he cannot build any of the 75 hospitals because Congress has specified the exact amount to be spent on each one. He must therefore go back to Congress to get new legislation, which is a lengthy and sometimes a painful process.

There are other complications. Almost every congressman wants a veterans' hospital in his district. Too often these congressmen are thinking not of the veterans but of payrolls and patronage back home. It has been hard to resist the pressure. It has come from so many different sources.

But there is progress. That is the encouraging thing.

HINTS AND DINTS

Sun sets tonight 6:32. Sun rises tomorrow 5:28.

Colin MacKenzie, of Idaho Falls, Idaho, has posted a sign on the wall of his cafe, offering to marry any farmer's daughter who owns her own cow and can churn butter. Now here's a chance to go west, young gal.

A Chicago man who is 110 years old blames it on drinking beer and more beer. We would say he achieved that ripe old age in spite of himself.

GOOD BUSINESS A shopkeeper had for some time displayed a sign in his window inscribed, "Fishing Tackle." A customer drew his attention to the spelling, and inquired, "Hasn't anyone told you about it before?" "Hundreds," replied the dealer, "but whenever they drop in to tell me, they always spend something."

Major General Gross, board of transportation chairman, told a New York veterans club that their city is by all odds, the dirtiest in the world outranking Moscow, Copenhagen, Brussels and Paris put together. We take it from that that New York is really a dirty dump.

A Peoria, Ill., man rushed into a dark alley to retrieve his hat, which had blown from his head. Things looked grim over the coco and took his pocketbook, and hat too. He's now thoroughly convinced that it's an ill wind that blows any man some good.

If a man tells you he's a thaumaturgist, take him at his word. He may be only a magician after all.

If you tell a man there are 259,437,835 stars in the firmament, he will believe you. But just put up a sign, "Fresh paint," and he will stop to investigate.

NO TIME "What do you think of the latest news of the foreign situation, Senator?" inquired the reporter. "Don't bother me! I gotta get to the radio and talk! In a crisis like this there is no time to think!"

The government announces that it has for sale a large number of surplus pneumatic life rafts. This is encouraging news for a country which is so completely at sea.

SELF-CONTROL A fat lady hanging to a strap in a crowded bus stepped on the foot of an irritable man who was trying to read a newspaper. "Madam," he said in a cold, mean voice, "will you please get off my foot?"

"But your foot where it belongs," she replied sharply. "Don't tempt me, madam, don't tempt me," he muttered.

Sometimes some of this stuff a fellow learns in the army doesn't do him much good. Otto Mielche of Puna, Ill., was a weather observer and forecaster in the army. Recently he gave the sky the once over, hopped into his car, and started on a trip, only to run into the state's worst blizzard in many a month.

When Charles H. Markheim, an ex-army lieutenant of Camden, N. J., returned home from service, his little son asked him: "Buy me an ice cream cone, daddy. Uncle Jim always does." "And who is Uncle Jim?" his daddy inquired. "He's the man who kisses mama on the sofa."

It didn't take long for Markheim to apply for a divorce and get it.

LOOKING AT LIFE

By ERICH BRANDEIS

Last week a couple from Brookfield visited us in our New York City apartment where we have lived during the winter and where I shall still have to spend the greater part of each week as long as my work requires it.

"How wonderful it must be to be able to live in New York and to have all the life and excitement and activity of the great city," said the husband.

"And, looking at our little kitchenette with its two-hole electric plate, which is just about big enough for two boiled eggs and a cup of coffee, the wife exclaimed:

"How wonderful! Housekeeping must be so simple the way you live, and how much time you must have to this to my wife to enjoy New York."

Two nights ago a New York couple visited us, and we told them that we were going to our Brookfield home for the weekend.

"How I envy you," said the husband. "I am so sick and tired of all this New York rush. It must be wonderful out in the country—so peaceful and quiet. I wish I could live that way all the time."

And the wife remarked: "Yes, it must be grand to have a big house where you have lots of room, and where there is none of the pushing and noise and the crowding of the city."

So we went out to Brookfield, and we slept like babies and we picked ferns and daisies to take back to New York, and I got stuck by a wasp up in the attic and found a dead mouse in my den, and Carl Bodendorf, who runs our general store, had no butter or cream and while we love Brookfield and country life and our home, we were wondering—

We were wondering whether there is an answer to the question which I am asked so often: "Which is better, country life or city life?"

All living is a state of mind, and the best kind of life is the kind that suits you and your particular temperament best.

If you want peace and quiet and security and flowers and fresh air and birds and bees, yours is the country life.

But if you must have butter and cream around the corner and theaters and night clubs and the stimulation of active people, then all means live in the city if you can.

Both have their advantages and both their inconveniences.

I for one—and my wife, too—like a little of each. We like to be in the country and to make our home there. But we like to get away from it every now and then and get into the swim and the thick of New York.

If you can't have both and must decide between city and country, then there is only one way to arrive at a decision: Live where you have to and make the best of it.

The World and the Mud Puddles

WISE OR OTHERWISE O. P. A.

In a long-drawn statement of the Office of Economic Stabilization, accompanied by a catechism authored by the OPA, the government undertakes to give the people these assurances:

Wages will go up. There will be plenty of needed goods. But there will not be a higher level of prices.

This is a good trick if it can be done. But the administration already has conceded that it cannot under the present system of governmental wage and price controls. By permitting an average increase of five dollars a ton in the price of steel to compensate for higher wages and by following the same pattern in the meat industry, the administration knocks into a cocked hat its previous contention that higher wages do not mean higher prices.

Simultaneously with the statement of the OES, the OPA announces the granting of higher ceilings to clothing manufacturers after having a few days previously announced the same concession to textile manufacturers. The reason these concessions were made was that OPA price policies have been keeping clothing and textile merchandise off the market for the simple reason that they could not be produced and sold at OPA ceilings without a loss.

In the face of these moves, the OPA blandly insists that there will be "little or no effect" on clothing prices. Mr. Bowles, who says there soon will be more refrigerators, washing machines and other peace-time goods, but "not at a higher level of prices." Mr. Bowles knows, as every adult must know, that higher wages in the clothing, automobile and electrical industry, if production is to continue, will mean higher prices, just as it happened in steel and meat.

If Mr. Bowles expects the people to be taken in by this theory of cost-plus and have it be should be interested in the comment of the CIO cost-of-living committee chairman that the price ceiling lift on clothing is a "steal on the American consumer." The CIO apparently, unlike the national administration, still sticks to the faithful notion that wages can go up and prices stay down.

It is interesting to read that OPA new clothing policies will be turned out to manufacturers at a series of "educational clinics." The spectacle of a little group of politicians instructing the men who have made the clothing business one of the country's greatest industries ought to be diverting at least.

No Love Lost In Navy Between Air And Ship
Merger Battle Shelves Navy's Tiff For Time
Bowles Will Not Return To Advertising Game

(Special to Central Press)

WASHINGTON, April 18.—There is no love lost between the Navy's air officers and battleship admirals, even though they have been putting up a friendly front in public while battling the Army over proposed legislation for unification of the armed forces.

The old-line Navy people under the leadership of Adm. Ernest J. King, retired Chief of Naval Operations, have fought to maintain the Navy's tradition under which the goal of every officer was to command a battleship.

But Secretary of the Navy James Forrestal has been in the behind-the-scenes battle on the side of the air-minded admirals, including Vice Adm. John H. Towers, the Navy's top airman; Adm. William F. "Bull" Halsey, and Vice Adm. Marc A. Mitscher.

Some of the airmen have been so late at being stymied by the battleship bloc that they were ready to carry their case to the public through the press. However, the merger fight came up and they buried the hatchet for the sake of the service.

There is every indication that the Navy has enough air-minded leaders to wage a winning battle against the old guard—and it is certain the fight will be repeated once the merger matter is settled.

Selective service officials blast rumors that immemorial old jobs are being refused by their old jobs and the many World War I vets are being displaced by "alumni" of World War II.

Col. K. D. Pulphrey, the veterans' personnel division, Selective Service headquarters, told a congressional committee that of millions of servicemen mustered out fewer than 400 have filed complaints against employers.

Pulphrey declared: "Employers generally have been very co-operative in re-employing veterans. As for displacement of World War I veterans—I know of not more than three or four instances of that kind of thing."

He said the department of justice has had only 10 court cases arising from the draft law provision assuring veterans their old jobs.

Will Look Over Field It often has been raised going in the spotlight for Economic Stabilizer Chester Bowles, but he plans to continue in public life when his present task is ended.

Bowles insists he will not return to his lucrative advertising business. He says he will continue as director of economic stabilization until he feels that his work in that office has been completed and then will "look over the field."

Although Bowles himself insists that he has no definite intention to seek election as governor of his home state, Connecticut, or to run for the United States Senate, friends say there is more than a slight possibility that he might do so after one of those posts.

They point out that his name has become virtually a household word during the battle against inflation. They admit that Bowles likes the limelight, and they contend that it all adds up to a political career for the big fellow.

The State Police Say: Any vehicle which is used to transport explosives must be marked or placarded on both sides and the rear with the word "explosives" in letters not less than three inches high or conspicuous, as displayed on the rear of the vehicle. Words Of Wisdom The boast of heraldry, the pomp of power, and all that beauty, all that wealth ever gave, await alike the inevitable hour. The paths of glory lead but to the grave.—Thomas Gray.

From Me To You By MESEALL

Seriously speaking . . . the conditions of our streets on a Sunday morning is something to think about. Blame can't all be put upon the shoulders of the city fathers in charge of streets. . . . some of course has to land on the toes of those who scatter the paper about. This coming Sunday will be Easter. . . . it's all co-operate and see if on Saturday and Saturday night we can keep rubbish from cluttering up the main streets.

In addition to the scrap paper being unsightly it too is a form of a fire hazard. Suppose some paper starts to burn and the wind picks the paper up and blows it into a cellar window . . . you know what might happen then. So far this year we have not had any serious fires in New Castle . . . let's do all within our power to keep the year free from fires.

Had the pleasure of making a trip of inspection through the United engineering and Foundry plant . . . what a place . . . sometimes we citizens here in New Castle don't appreciate what we have in town. When you walk through that plant and see the men working . . . and when you see what those artists create . . . man oh man but we should be proud and thankful that such a place is located in our city. One of the largest castings in the world, if not the largest was our privilege to see yesterday.

And as we walked about looking at this and that with our eyes popping out . . . we seemed to sense that the men and women working in the plant seemed very happy . . . And the way they went about their work . . . and right down in the middle of the plant whom do you suppose we met . . . None other than the big boss himself . . . H. B. Cummings. Yes, sir, and he wasn't there showing people around, he was very much concerned over a certain piece of material and around him were men talking it over.

In order that we might progress further here in New Castle it will be necessary that all parties of industry co-operate . . . And don't tell anyone but we do enjoy more of that than most places.

What Endocrine can do to bless you with a younger looking face

Think of the added beauty a youthful face and throat can give! Then barken to this: Scientific research has proved that ENDOCREME can, for most women, contribute to this desirable result in a way formerly thought impossible. Many thousands are now finding that ENDOCREME actually helps to improve the skin itself, not just its transient, superficial "look." This is because ENDOCREME, alone, possesses ACTIVOL. This ACTIVOL is a scientific replacement for woman's own natural skin-vitalizing substance. Absorbed by the skin, it helps to restore the normal growth of cells and tissues. It thus aids the skin to become fresher, smoother, more alluringly "alive." What bigger value can any woman young or old ask for her cosmetic dollars? The great majority get big improvement in only 30 days.

Dog Lovers Bring More Kinds Of Dogs To County Recently

If you happen to encounter a pooch who doesn't look too much like any dog you've ever seen before, you can just blame your perplexity on the dog lovers who have been getting more and more variety into the county's dog population recently.

At least that's what the dog license records in the county treasurer's office go to show. Boston Bull Terriers at one time were in the saddle—or in most of the dog houses—throughout the county, but the Boston Bull outfit has been losing ground lately in favor of droopy-eared Cocker Spaniels and Hounds—primarily Beagles.

Young Ones In Majority
Almost every third dog registered at the court house is some sort of puppy, and most of them are in the younger set. The juveniles of one-to-six years of age by far outnumber the graybeards of 11 and 12, while the really old ones—16, 17 and 18 (one dog) years of age are a pathetically small minority.

As for sex, the males outnumber the females three to one. The statistics are something like 6,400 males to 2,180 females, but the dog license people expressed some suspicion that some of the pooches

registered as males are really females. The Cocker needn't get too snooty about their popularity, however, for a number of other dogs are finding nice homes for themselves around the county. Fox Terriers and Rat Terriers are as plentiful as ever, while even the small, smug-faced Pomeranians and their cousins, the Pekingese, are increasing in number.

Aristocratic Minorities
An elegant Great Pyreneese forms a handsome minority of one—a position equaled only by the county's one Mexican Chihuahua, one Russian sheep dog, one Newfoundland, one red Australian terrier, one toy chow, and one Samoyede.

Two Norwegian Elkhounds share the honors for their breed, while the Great Danes in the county could probably be counted on one hand and the German schnauzers on two. Doberman pinschers have increased to about a dozen recently, and there are at least three or four St. Bernards—a surprising total considering the quantity of meat and meal which these big boys can guzzle. Dalmatians and gachshunds are also rare.

Mongrels? Oh, yes, indeed. This group can match the cockers any day. Some owners are a bit particular about classifying their animals as just-any-old-dog, and insist on putting down the specific combination—spitz and chow, collie and hound, terrier and pointer, pointer and police chow and spaniel, collie and bull terrier.

Even the people behind the dog license window have never heard of some of the breeds or some of the combinations (a "foxgale," for example). So that dog you didn't recognize probably confuses most of the others he barks at, too.

TOMATOES INFECTED EASILY WITH MOSAIC

Mosaic, a virus disease which causes stunting and yellowing of tomato plants can be spread easily to these plants from a number of sources, and careful handling of them is necessary if they are to escape infection.

Yellow or tobacco mosaic is very prevalent on tobacco and the most common type found on tomatoes. To prevent spreading the tobacco mosaic to tomato plants persons handling tobacco must first wash their hands with soap and water before touching the plants.

A very severe type of mosaic, known as streak, develops when mixed with potato mosaic. As in the case of tobacco, growers should wash their hands with soap and water after handling potatoes.

Mosaic also infects many weed hosts, as gardeners discovered last year when the cucumber type of mosaic became prevalent in gardens. This type mosaic causes stringy leaves. The source of the virus is entirely from weeds around the plant beds.

Some of the common weed carriers of mosaic virus are ground cherries, horse nettle, and nightshade, while the cucumber type will be found on catnip, pokeweed, and wild cucumber. All weed hosts around the plant beds or gardens should be destroyed and the plants in beds should be protected from virus-carrying insects which feed on weeds and then go to the tomatoes. It is never safe to grow tomato plants near certain flowers such as nasturtium, petunias, and others which may carry spotted wilt mosaic.

WAIT FOR WARM WEATHER TO PLANT VERY TENDER CROPS

Vegetable crops may be classified into four groups according to their temperature requirements. These are as follows:

1. "Very hardy" crops include the

vegetables that are not injured by severe mid-winter freezing, such as asparagus, horseradish, onion, rhubarb, salsify, and winter onion.

2. "Hardy" crops thrive during frosts of spring and early fall, but not severe freezing. Such crops are cabbage, cauliflower, beet, carrot, turnip, lettuce, endive, onion, pea, radish, and spinach. Groups 1 and 2 may be planted with safety as early in the spring as the ground can be prepared.

3. "Tender" crops, those which are quickly injured by frost, come next in the planting schedule, after the

threat of frost has passed. These include: snap bean, sweet corn, cucumber, squash, and tomato.

4. Last on the planting schedule are the crops which may be injured by continued cool weather without frost. They should not be planted until the ground has become warm, usually about May 20 to June 10. In this group are lima beans, egg plant, muskmelon, and pepper.

Suggestions as to planting dates, varieties, amount to grow and other useful information will be found in the circular, "The Family Vegetable

Garden." Any person wanting a copy of this circular may have it by calling at the Agriculture Extension Office, No. 206 Post Office Building, or calling telephone number 2972.

Y W Workers Report 1,665 Drive Members

Y. W. C. A. team workers turned in reports totaling 1,665 members and \$2,438.50 in cash at noon today when the fourth report meeting of the 1946 membership ingathering was held.

Although several teams have not turned in their final reports and a number of other teams still have cards out, the total is ahead of the fourth report last year, when the workers turned in the cards of 1,619 members and \$2,268.50.

Mrs. Ernest Stitzinger, chairman of the membership drive, asked all workers to have their pledge cards turned in by the first of May, and announced that the final reports would be made at the annual membership meeting on May 21.

Fourteen teams have reached or passed their goals during the four weeks of the ingathering.

Troop 5 Has Meeting
Boy Scout Troop 5 had its weekly meeting Tuesday night at George Washington Junior High school. Two prospective scouts were at the meeting.

The Bear Patrol with Tom Boatz in charge had the opening exercises. Mr. Lamplugh, scoutmaster, reminded the boys to be present at the tree planting next Friday morning, and the scribe announced the standing of the patrols in the inter-patrol contest.

Charles Van Dusen and Wilson Fraher were taken into the troop in a colorful ceremony. Mr. Walther, assistant scoutmaster, led the troop in scout games. Just before closing the meeting, Mr. Lamplugh read an article, on self-control.

Form New Troop
Troop 3 held a meeting Wednesday night for the benefit of a new troop which was formed at St. Mary's church, with 29 boys passing their tendered requirements in the presence of their new scoutmaster, troop committeemen and veterans of Troop 3.

Following the ceremonies, games were played, and the boys were dismissed by their scoutmaster, Al Gatten. Another meeting is planned for April 22.

GIRL SCOUTS
Troop 3 met Wednesday evening at the First Christian church, where the girls first played games and then completed work on the Easter favors they have been making as part of their community project.

Patrol corners were held and plans were made for the troop birthday which will occur in May. Donna Onash invited all the girls of the troop to a play that the girls of her neighborhood are presenting Friday afternoon at her home. The meeting closed with the singing of troop songs.

A few years ago a red salmon marked by the U. S. Bureau of Fisheries in Alaskan waters in May and caught 45 days later in a Siberian stream, was estimated to have traveled 1200 miles in that time.

Attempt To Wreck Train Is Failure

TOMS RIVER, N. J., April 18.—(INS)—An apparently desperate attempt to wreck a Pennsylvania Railroad train near Toms River was called today when the engineer applied the brakes in time to prevent a possible derailment.

The engineer, B. O. Longstreet, said the three-car train stopped just as the locomotive's front wheels touched a series of spikes and bolts tied to a track with wire.

A little further on, Longstreet asserted, was a 15-foot-long section of pine tree which had been thrown across both rails. Both obstructions were covered with leaves and sand, he added.

The train was bound for Camden and contained only a few passengers. It was running at slow speed when it approached the obstruction.

Townspeople helped to clear the tracks but the train reached Camden 33 minutes late.

Italian Mothers
Italian Mothers club met on a recent evening in their club rooms in the Y. W. C. A. with Mrs. A. Rozzi.

Mrs. Frances DeSignore and Mrs. Rose DeDario as hostesses.

Mrs. Mary Elizabeth Russo is a new member. After a short business meeting, plans were made for the dance to be held at The Castle-ton May 2. A local orchestra will provide the music.

Easter songs were sung and later, daily refreshments served by the hostesses.

LUCRATIVE BUSINESS
PORT ST. JOHN, B. C.—(INS)—Lash Callison, former infantryman in the Canadian Army, has none of the post-war financial worries which have confronted many veterans.

Callison, after 26 days on a trap line, mailed his one-pulled toadstool into Fort Nelson with 80 prime martenskins. A fur buyer bought the entire lot for \$7,500. This averages about \$300 for each day he worked his trap line.

Missionary On Way Back To Liberia Field

Miss Mary Haas, missionary to Liberia, West Africa, who has been visiting for several days at the homes of friends in New Wilmington, is on her way for her fifth term of mission work in the Dark Continent. She is driving to New York in a recently-purchased truck which will be boxed and shipped to Liberia for the use of missionaries.

For more than twenty years, Miss Haas, who is from Pandora, O., has cared for the sick, taught, and traveled in the small country of Liberia, bringing the news of Christianity to the natives. She says, "Workers there help make life brighter for a progressing people." Miss Haas is stationed at the town of Kwei which is a hundred miles from the nearest city and to which supplies can be brought only part way by motor car.

Continued During War
Mission work in Liberia continued almost as usual during the war, according to Miss Haas, in contrast to many other fields of mission endeavor which were forced to discontinue work due to the war. Miss Haas flew home from West Africa last July.

Describing the conditions under which the missionaries work, Miss Haas states that the average temperature there is 95 degrees Fahrenheit, and the soil is hard, red clay. Thirty good bananas can be bought for one cent, which will probably make a lot of local housewives envious. Floors are made of cement, because termites destroy wood quickly; and a pair of shoes placed on the floor at night will be covered with an ant hill by morning. All woodwork is mahogany. Miss Haas is well acquainted with such building features, because she has supervised the construction of eleven buildings in the compound of Kwei, sometimes with 200 workers at one time.

The missionary has been visiting at the homes of Mr. and Mrs. I. C. Runk, and Mrs. James Seley, together with Miss Fern Bixel, of Bluffton, O., who is accompanying her to New York. Miss Bixel formerly taught at Ingle Seminary, Bucksville, Va., where a number of New Wilmington people have worked.

THE PARENT PROBLEM

(Continued From Page Four)

ments, and helping him win such approvals elsewhere.

Granted that there must be some disapproval, even chastisement, of the growing child, the gains, however, are more than offset. Further, more, the rules and punishments we find necessary to impose on him because of his wrong behavior are more effective against the pleasures we help him gain from right behavior.

Tender Words
Smiles, pats and tender words of approval may be magic wands at winning the infant's co-operation in cultivating good toilet habits. Tender "Thank you" to the creeping youngster who hands you a small foreign article from the floor may cause him to go on finding more of such just to give them to you and win the happy reward.

How powerful is a word of approval to the child four, six or ten after he has just been told that after the guests have gone from his home, for one or more items of good behavior or manners before the other folks.

Let us not fail to tell the child 5, 12, 17 of the compliments we have heard about him on his manners and behavior away from home.

Play up the child's good papers, and reports from school. Display the best ones on the kitchen table or elsewhere. Make it a rule in the family conversation to speak of the good and lovely things other people have done, avoiding other talk about them.

Hope that your children will emulate you at saying kind but true things about people behind their backs not caring whether they hear what you have said or not. Something wholesome happens inside to anyone who constantly gets satisfaction over the successes of others especially over the good they do. A wonderful way to keep ourselves and our children from gossiping.

EAST BROOK

P. T. A. MEETING

The regular meeting of the East Brook P. T. A. was held Thursday evening at the high school. A short business meeting was held with the following officers elected: President John DeChant; vice president, Mrs. Wanda Book; secretary, Mrs. Chester Campbell and treasurer, John Turner. The program was presented by the seventh grade under the direction of Mrs. Helen Martin and Mrs. Ann Davis. A display of projects made by the pupils during the term was shown. First prize was awarded to Alma Dicks, second prize went to Rosalie McFarland and third prize to Elsie Wellesman.

EAST BROOK NOTES
Mr. and Mrs. Willard Borden and daughter, Janet of Cleveland spent Sunday with relatives here. Mrs. W. R. Walton, Mrs. Hugh Snodgrass, Mrs. George Patterson and Mrs. Scott Kirk were among those who attended the W. C. T. U. convention held at Liberty grange on Thursday.
The Mary Jane Missionary Society met at the home of Lucille Patterson on Thursday evening. Mrs. Margaret Patterson was devotional leader. Topics were given by Miss Roberta Shellenberger and Mrs. Ha Walton. Roll call a Bible verse was answered by 15 members. The business meeting was conducted by Mrs. Lucille Patterson. The May meeting will be held at the home of Mrs. Laura McKnight.

Phoney Jockey Swindles Betting Crowd Of \$250,000

NEW YORK, April 18.—(INS).—Police said Wednesday that gambling business men lost an estimated \$250,000 in race-track bets on the advice of a man who pretended to be Larney Hanuman, well-known jockey and who demanded a 50-50 cut on his information.

They said the swindle became known with the arrest of John Rimbo, 28, who lived at the swanky St. Moritz hotel on the proceeds of a telephone technique and a persuasive voice.

A New York steel executive lost \$57,000 on the horses, sometimes the belief that he was getting information "right out of the feed bag."

An Ohio executive dropped \$47,000. Police insisted that Rimbo had no "inside knowledge" of what was going on, but demanded a 50-50 cut for his information.

The suspect was arrested last night at a Manhattan Western Union office when it is charged

he called for \$10,000 telegraphed by Samuel Lambert, described as a wealthy Connecticut fruit merchant.

Detectives stated that Lambert and several friends put up the money on a "sure thing" at the Jamaica track. The "sure thing" ambled in toward evening. But that wasn't the payoff. It just happened that Lambert met the real Larney Hanuman at the track and thanked him for his consideration in telephoning tips on the races.

"What do you mean?" asked the jockey. "I've never talked to you before!"

RAILROADS FIGHT

COAL FREIGHT RATE

PITTSBURGH, April 18.—(INS).—An Interstate Commerce Commission order which reduces freight rates on bituminous coal shipments between Western Pennsylvania and points in Ohio will be contested before three federal judges Monday in Pittsburgh by eight railroads.

The judges will be R. M. Gibson and Wallace S. Gouley of the Pittsburgh Federal Court and Herbert F. Goodrich of Philadelphia, a member of the U. S. Circuit Court of appeals.

INSTALL OFFICERS AT SHENANGO U. P. SUNDAY SCHOOL

During services of the Shenango U. P. church, Rev. T. L. Patton, pastor of the church, installed the new officers of the Sunday school, who will serve for the church fiscal year.

Officers installed include the following: superintendent, Arthur Gibson; assistant superintendent, C. L. McCrumb; treasurer, Raymond Kendall; secretary, Sally Nesbitt; assistant, Betty Love; pianist, Leta Cover; assistant, Barbara Gibson; librarian, Arthur Love; assistant, Ronald Grimm.

In the future when a politician loses on one of those I-promise everything speaking tours it no doubt will become known as Operation Applause.

Every small town needs a municipal store that will accept the hunk from everybody's closets and sell it for a few cents to finance charity.

Soviet Criticism Of Jap Occupation Rapped By General

Military Government Officer Says
Russian Statements Are Entirely Unfounded

TOKYO, April 18. (INS)—An American military government officer speaking for General Douglas MacArthur struck back today at Soviet Russia for criticizing Allied occupation policies in Japan.

MacArthur's spokesman, Brig. Gen. Courtney Whitney, addressed the second meeting of the Allied Control Council for three hours. Whitney declared he would give a complete answer to Russian criticism "if it takes all summer."

Answering one of the principal Russian charges—that "undesirable" Japanese still hold office—Whitney told the council 185 thousand Japanese already have been removed from office.

Whitney declared that those still in office are under constant observation "and there's no way under the sun they could possibly prejudice in any way the progress of democratization."

The Russian representative on the council, Lieut. Gen. Kuzma Derevyanko, asserted that even purged Japanese are continuing to play an active part in politics.

Whitney promptly met the charge with a request that Derevyanko cite specific cases and the Russian general replied that he had "no concrete cases at present" to offer the council.

Derevyanko denied charges that the Russians had challenged the Allied occupation policies, asserting this belief was "innocent, groundless and a misunderstanding."

The council adjourned until Friday after Whitney's lengthy answer to the Soviet statement on the agenda that barred Japs were still holding office.

Students Enjoy Magician's Tricks

Student bodies of the North street grade school and the Croton school witnessed a program of magic on Wednesday morning and afternoon, presented in the auditorium of the North street school by McBride the magician, who travels about the country entertaining the children of the public schools.

During the morning, the boys and girls from the North street school witnessed the exhibition, while the students from the Croton school marched down to North street in the afternoon to see the magical tricks.

Mr. McBride kept the students in an uproar the entire half hour the show was presented, as each one eagerly watched to see what would happen next. The age old trick of making rabbits appear out of thin air amazed the students.

Note on thin and long drawn-out magazine articles: The story of the creation of the world was told in 100 words.

Stettinius To Get Support In Stand In U N

WASHINGTON, April 18.—(INS)—The State department moved energetically today to support the position of United Nations Council Delegate Edward R. Stettinius Jr. in keeping the Iranian dispute alive on the U N calendar in New York.

This was being done by throwing all possible emphasis on the situation in Iran, meeting ground of western power and Russian interest. The effect was expected to be felt when the council on Friday again takes up the Iranian case, which both Iran and Moscow have asked to have deleted from the council calendar.

Drive Emphasized
The United States drive into the situation was emphasized in two developments:
1. President Truman sent to the Senate the nomination of George V. Allen, a skilled diplomat, to be ambassador to Teheran and said the envoy would leave for his post at the earliest possible date.

2. The State department, in an unprecedented announcement, revealed that an Iran state of censorship had been clamped down in Iran. Never before has the department thus revealed the censorship action of another country.

Word of the Teheran censorship came to the department through its embassy in Iran. The basis for the Iranian action itself aroused some speculation since it was taken under the Madrid International Communications Convention of 1932. This agreement provides that a government may stop communications when they likely to prove "dangerous to the safety of the state or contrary to the laws of the country, to public order or to decency."

ANNOUNCE JAP MILITARY GOODS ARE "DISPOSED OF"

TOKYO, April 18.—(INS)—U. S. Eighth Army headquarters announced today that all Japanese military property has been "disposed of."

The military property which was either destroyed or diverted to Allied use included 8,000 airplanes, 100,000 machine guns, a million and a half rifles and 1,300 tanks.

Jap military stores of beds, clothing, cigarettes and blankets have been distributed among the Japanese people.

SHE SWALLOWS A PENCIL

WINIFRED COOPER, 21-year-old Oakland, Cal., girl, is on a strict diet today—and for a good reason. She swallowed a pencil more than four inches long, complete with eraser. Holding the pencil in her mouth, Miss Cooper explains, she gulped and down it went. Doctors have placed her on the diet in hope they can avoid an operation to remove the pencil, which is now located in the girl's stomach, as shown at the left in an x-ray photo. Miss Cooper is shown, right, holding a pencil similar to the one she "ate." (International)

NO TIME TO SPARE
NEW YORK, April 18.—(INS)—The Equity Library theater wanted to produce one of George Bernard Shaw's plays on a non-profit basis and asked his permission.

Here is the reply from G. B. S. as revealed today:
"You are presumably within your rights. Why bother me about it? I am courteous of you to consult me, and I thank you. But your courtesies cost time, and I have none to spare at 90."

STATE LISTS 26,150 JOBS
HARRISBURG, April 18.—(INS)—Latest U. S. Employment Service statistics showed today there were 26,150 jobs available in Pennsylvania.

USES Director A. Allen Sulcove explained that the job openings were on file at the agency's 90 offices in the commonwealth as of April 5.

The largest glacier in Switzerland is the Aletsch glacier.

Suggest British Pledge Holdings To Secure Loan

Majority Leader Barkley Spearheads
Administration Fight For
Senate Approval

WASHINGTON, April 18.—(INS)—The senate moved today into a battle over the proposal that the British government be requested to pledge its holdings in the United States as security for the proposed three and three-quarter billion dollar loan.

Majority Leader Barkley, spearheading the administration fight for senate approval of the loan agreement, said he would take the floor to "analyze" the proposal of former Commerce Secretary Jesse Jones.

Seek Security
The proposal was brought into the senate fight by Sen. Stewart (D, Tenn.), foe of the loan. Stewart

read an editorial Jones published in his Houston Chronicle, declaring that the British government has three billion dollars in gold and investments—much of it in insurance companies—in the United States.

Barkley said he wants to "analyze" at some length the British situation as to those holdings. Some of the holdings already are pledged to the Reconstruction Finance Corporation on a 400 million dollar loan which now has been reduced to 200 millions.

The British investments issue appeared certain to go to a showdown amendment fight. Sen. Carville (D, Nev.) said he will offer an amendment to require that Britain's government-held securities in the United States be posted as collateral for the loan.

Former Wac Enrolls
In Airlines School

Former WAC Sergeant Wilma Buckel, 115 East street, has left for Kansas City, Mo., to enter the Central Airlines school.

Miss Buckel, who served in military intelligence, was discharged at Fort Dix last December after three years service, 31 months of which were spent at Stout Field, Indiana. A brother, Harold P. Buckel, S-1-C, A.O.M., arrived home Saturday morning on a seven-day "delayed route" leave from Jacksonville to a naval base in Virginia. Another brother, Donald L. Buckel, is now discharged after nearly three years service, including 19 months in the ETO.

CANADA SPENDS 27
MILLIONS ON ATOM

OTTAWA, April 18.—(INS)—Canadians learned today that research and development of atomic energy has cost Canada 27 million dollars. Reconstruction Minister C. D. Howe said the principal item was the construction of the atomic energy plant at Chalk river near Ottawa.

Highland U. P. Elects Officers

Yearly Reports Are Given Wednesday Evening At Annual Congregational Assembly

Members of the Highland U. P. church, Highland at Park, assembled Wednesday evening in the church for their annual congregational meeting and election of officers. Robert L. Wallace presided as chairman of the congregation.

W. P. Johnston, J. Harold Vance and J. Roy Mercer were elected to serve on the board of elders. Their terms will run for four years.

Mrs. F. R. Fehl, Mrs. J. A. Hartman and Mrs. Mendal Smith were named to serve on the board of deacons for a period of three years.

J. Glenn Berry and J. B. Offutt were chosen as trustees. Their terms will be for two years.

Arthur Gaining was selected to serve on the music committee as a

member, representing the congregation. John A. McGrath and W. J. Kinard were named auditors.

When the need for an addressograph for the church office was brought up, Dr. Wilbur E. Flannery offered to present one as a gift to the congregation.

The attendance for the past year of the Bible school, of which Roy P. Conway has been superintendent, has been outstanding. Reports of the various church organizations show them to be in good financial condition.

After serving faithfully for 16 years as an elder, Archie C. Allen is retiring from that office.

CROTON STUDENTS
SEE EASTER DRAMA

Wednesday at the Croton Grade school, a decidedly Dutch air permeated the atmosphere when the annual Easter pageant of the students was presented under the

supervision of the recreation and dramatic teachers of the school.

The scenes of the musical performance were drawn from Holland with the cast dressed up in Dutch costumes, from head to toe. The students, who have been very busy engaged in the production of the musical, along with the teachers who have worked with them, deserve much credit for the outstanding performance in the school.

ARREST ANOTHER WOMAN IN THEFT OF PAWNED JEWELS

PITTSBURGH, April 18.—(INS)—A third woman, Evelyn Carswell, 19, of Pittsburgh, was under arrest today in connection with the theft of \$450 worth of jewelry from a Steel City pawn shop.

Police accused the woman of having received some of the stolen articles from her boy friend, Perry

Scarslate, who police said, was under arrest in Columbus, O., for a holdup.

Two other women, Evelyn Tuszynski, 19, and Blanche Kelly, 19, also of Pittsburgh, were arrested Monday on larceny charges after police said they found some of the pawn shop loot in Miss Tuszynski's room.

The Carswell woman was arrested yesterday as she stepped from a bus she had boarded in Columbus, police said.

NICARAGUAN DIES IN EXILE
LOS ANGELES, April 18.—(INS)—A 10-year exile was at an end today for Dr. Juan B. Sacasa, 70-year-old former president of Nicaragua.

The one-time head of the little Central American republic died at his home yesterday of a heart ailment.

Dr. Sacasa was ousted as president in 1938 in a bloody revolution headed by his nephew, General Anastasio Somoza.

Disabled Veterans Can Now Renew Insurance Without Examination

Liberalization Of Insurance Features Is Announced By Veterans Administration

A further liberalization of the National Service Life Insurance rules that now makes it possible for World War II veterans to reinstate policies that have lapsed since their discharge without the formerly required physical examination was announced today by O. E. Kelly, chief of the contact division, Pittsburgh Regional Office of Veterans Administration.

Thousands of Western Pennsylvania ex-servicemen will benefit from the new reinstatement provi-

sion, Mr. Kelly disclosed. "In many instances," he said, "veterans confronted with the many problems of returning to civilian life, have unintentionally let their policies drop. The new reinstatement privilege permits the veteran to have his policy restored without undergoing a physical examination, if he submits a signed statement to the effect that he is in as good health as he was at the time his policy lapsed."

The new ruling, Mr. Kelly pointed out, is of special benefit to disabled veterans, who might otherwise not qualify for other insurance. They will be able to restore their protection—provided that their condition has grown no worse since the policy lapsed.

For a good dustpan container screw two flat clothespins, upside down and about nine inches apart, to the back of a door. The dustpan will rest snugly in the open ends, and a dusting brush will fit comfortably on top of it.

TO RETURN KILLER TO PENNSYLVANIA

RENO, Nev., April 18.—(INS)—James H. Kent, convicted Somerset county slayer, today was ordered returned to Pennsylvania by Federal Judge Roger Foley.

Kent, arrested by FBI agents in Las Vegas, is held in \$50,000 bond. He escaped from the Somerset county jail following his conviction for the alleged slaying of George Kern, a dental technician, of Johnstown.

FELLOWSHIP WEEK CALLED APRIL 22
HARRISBURG, April 17.—(INS)—Statewide observance of World Fellowship Week beginning April 22 was called for today by Gov. Edward Martin.

"World Fellowship Week is an appropriate time for every citizen to give earnest thought to the lofty objectives expressed in the charter of the United Nations," the chief executive declared.

Easter Services At Italian Methodist

Easter Day at the Italian Methodist church will be celebrated with two triumph services. The morning service at 11 o'clock will be special with its anthems by the choir, accompanied by Mrs. F. P. Sulmonetti at the piano and Earl Webster Sulmonetti on the violin. The pastor, Rev. F. P. Sulmonetti, will administer the rite of baptism and receive members into the church. His sermon will be on the subject: "Because I Live, Ye Shall Live Also."

At the evening service at 7:30 o'clock an Easter program and pasant, "The Unseen Guest," will be presented by the young people of the church under the leadership of Mrs. Sulmonetti, assisted by Miss Emma Pearl. Music will be furnished by the choir.

Is Miami Beach Threatened By New Real Estate Boom?

Observers Fear 'Wild Speculation' In Real Estate Again In Southern City

MIAMI BEACH, Fla., April 18.—(INS)—Is a big, bad real estate boom threatening Miami Beach?

Many observers who watched the booms of 1921, 1925, and 1932 fear that this winter resort on Florida's east coast is now going through birth pangs—the agony of her fourth boom.

These observers point to March's all time high of building permits, reaching \$8,071,730 which, coupled with sales total \$19,956,770, for the year—and the year is young yet.

For 1925, the biggest boom of all, building permits reached only \$17,702,532.

Fear "Wild Speculation" Observers, fearing "wild speculation" continue.

During the month, seven leases took 99-year leases, and yellowed records indicate that some of the lessees will have to live longer than

the leases to make other than a quick turnover boomtime profit.

Then, too, in March, there were sold 350 vacant lots, one acreage tract with a building ban on 110 homes, 36 apartment buildings, 10 hotels, and three commercial buildings.

Anyone, they say, who thinks that the buyers of 350 lots, mostly residential, did so for the sole purpose of putting up a "shanty with tile roof" is too naïve to be monkeying around with the present real estate buzz-saw.

A better guess is that most of these lots were bought to be resold at a profit—and of such stuff are booms made.

These skeptics, not too much impressed with the fact that cash is used "this time" instead of paper, say "Whatever is used, when the bubble bursts, someone is left holding the bag."

Seventh Ward

Old Ward Land Marks Have Been Removed

Two Attached Barns Are Razed From Rear Of Liberty And East Cherry Street

Wednesday afternoon, all that we could see that remained pertaining to old land marks in the ward, was a miscellaneous collection of cast off articles, some of them quite antique, that had been stored in the barns torn down, being in the rear of the property of John C. McMillin, at the corner of Liberty and East Cherry street.

There were two barns attached, the first was the old Newell barn 18 by 50 feet at the rear of what was formerly the Newell home—stead, A. D. Newell was a former ward grocer and at one time mayor of New Castle. According to Mr. McMillin, this barn was built over one hundred years ago.

The second barn sized 20 by 35 feet, was built by Mr. McMillin's brother, Dr. H. E. McMillin in 1888. One of the barns was torn down and taken away by J. E. Byler, the other by I. V. Byler, both of Enon Valley. One of these men was going to use the lumber to build a shop on his farm, and the other to erect a barn shed.

Discussing places in this district, Mr. McMillin states that Enon Valley is older than Mt. Jackson, then comes Mahoningtown, and then New Castle, in that order.

COMPLETION ADDITION TO DAIRY PLANT But for the completion of some plumbing, the eighty by forty two foot cement block building extension to the Lingeright Dairy plant on West Madison avenue has been finished.

The building is two story, the first story being used for the housing of the plant's trucks, and the second for storage.

METHODISTS TO HAVE COMMUNION SERVICE In the Mahoning Methodist church, this evening at 7:30, the Sacrament of the Lord's Supper will be administered, at a candlelight service.

YOUNG WOMEN MEET AT LAMSON HOME Members of the Young Women's Missionary society of the Mt. Jackson U. P. church, gathered on Tuesday evening in the home of Mrs. Judd Lamson, of Mt. Jackson, with a good attendance.

Mrs. Wesley Hodge was leader of the devotional exercises. The business session was in charge of Mrs. Lamson, when Mrs. Walter Hopper was elected vice-president of the group.

Mrs. Hopper was in charge of the

program, the topic dealing with "Our Home Churches." Those taking part in the discussion were Mrs. James Crawford, Mrs. Hopper, Mrs. James Crea. A splendid lunch was served by the hostess and her co-hostess Mrs. Wesley Hodge.

The next meeting will be held in the home of Mrs. Howard Kennedy of Mt. Jackson road, in May.

NOW WITH WELLS COMPANY Lee Augustine, of West Cherry street, recently honorably discharged member of the U. S. Marine Corps, has accepted a position with the Wells Hardware company.

GOOD FRIDAY SERVICE At 2 o'clock, in the afternoon of Good Friday, there will be an hour's service of prayer and meditation in the Madison Avenue Christian church. Rev. Lynn Matlack will deliver the sermon.

W. A. G.'S MEET TONIGHT Members of the W. A. G. club will be entertained this evening in the home of Mrs. Kenneth Walker, of 606 West Clayton street at 8.

S. C. W. TIREN DINNER This evening at 6:30, members of the S. C. W. Bible class of the Mahoning Presbyterian church will gather in the church dining room for a dinner.

Notice Our store will close Friday from 12:00 noon until 3 p. m.

It is our opinion all business should observe Good Friday as a Holy Day.

WELLS HARDWARE 207 N. Liberty Call 2039

SEVENTH WARD PERSONALS Mr. and Mrs. Chris Antoline and daughter Lorraine of Monaca, have returned, after visiting with Mrs. Antoline's parents, Mr. and Mrs. G. Dan Rainey, of Darlington avenue.

Tom Conti, of 216 West Wabash avenue, who underwent a leg operation on Saturday, is getting along nicely.

Miss Mary Leone of West Cherry street, has returned from a visit with friends in Youngstown.

Lucille, daughter of Mr. and Mrs. Joe Coppell, is confined to the home of her grandparents, Mr. and Mrs. Tony Conti, of West Wabash avenue with tonsillitis. She is somewhat improved.

Sgt. Harry Popham is on furlough visiting in the home of his sister, Mrs. Annie Orlando and family, of West Wabash avenue.

Cantata Sunday At Calvary Church

"Victorious Christ," a cantata in song and story, will be presented Easter Sunday evening at 8 o'clock in Calvary Presbyterian church, East New Castle.

Mrs. Harvey Keizer will be soloist, while Mrs. Mae Pack will serve as reader. They will be assisted by the church choir.

The cantata is being presented under the direction of the Rev. Anthony Pagley, with Miss Nancy Watson as accompanist.

Present Program At North Street

Before embarking on their short Easter vacation, students at the North Street Grade school witnessed a program presented in the school this morning at 10:30 under the supervision of their program teacher.

Tom Perdue gave the welcome of the morning, after which the 4-1 students of the school participated in recitations.

A unique feature of the program was the rhythm band, who presented several numbers, much to the delight of the students.

"The Risen Lord," a recitation, was presented by members of the fifth grade, with songs by the third graders. Beverly Canola recited "The Busy Time," Mary Smith's recitation was entitled, "April."

A song by the fourth grade preceded the interesting play of grade three. The fifth and six grade boys and girls united in several musical numbers, after which a grand Easter parade was presented.

The outstanding feature of the program was the presentation of a well filled Easter basket to one of the students. One of the seats was a small card labeled, entitled, "Happy Easter." The student who occupied the seat received the Easter basket.

EDENBURG

MISSIONARY SOCIETY Missionary women of the Christian church held their April meeting at the home of Mrs. Alice Park, with a delicious chicken dinner being served at noon. The afternoon meeting was in charge of Mrs. Laura Coates.

The group will present a special program in the church, Good Friday evening at 8 o'clock.

Mid-Year Council At First U. B. Church

Twenty-Nine Churches Unite At Crawford Ave. Church For Council And Missionary Conference

Sessions, which began this morning, opened the annual Mid-Year Council and Missionary Convention of the United Brethren church, Sandusky Conference, in the First United Brethren church, 125 North Crawford avenue. Three services, morning, afternoon and evening today and tomorrow will bring to a close the conference.

Ministers, their wives and delegates from 29 churches of the area are expected to be present, including a number of the general officers of the North District. Among these are Rev. G. D. Fleming, general secretary of missions; Rev. Robert W. Rash, general secretary of Christian Education; Dr. Elmer E. Becker, president of Huntington, Indiana College; Rev. R. G. Fraker, conference superintendent and chairman of the convention and council; Rev. Truman J. Yoder is pastor of the host church.

Morning Address During today's morning session the principal address was delivered by Bishop A. M. Johnson, with this afternoon's meeting being principally a business session, with a message on Evangelism, by Rev. Toke Mackler.

Tonight's service, which will be led by Rev. Fraker, will have as its speaker again, Bishop A. M. Johnson.

Friday morning the delegates will listen to an address by Rev. Clarence Harper, after which several open discussions on church matters will be conducted.

Rev. T. J. Yoder will speak concerning the Sunday school after dinner and Rev. Walter Banks will be speaker of the church extension work during Friday afternoon's meeting.

Coming to a close Friday evening with the presentation of the Huntington A Cappella Choir, of the Huntington College, Huntington, Ind. Rev. G. D. Fleming will bring the final address of the two-day sessions.

Plan For Funeral Of Iturbi's Daughter BEVERLY HILLS, April 18.—(INS)—Funeral arrangements were made today for Mrs. Maria Iturbi Hero, daughter of Jose Iturbi, noted Spanish pianist.

Mrs. Hero shot herself in the head in her father's home, inflicting a wound from which she died two and a half hours later.

Friends attributed her act to ill health. They said she had been troubled and distressed for some time.

Iturbi was prostrated by the tragedy and was given a sedative by his physician to ease his shock and grief.

Mrs. Hero's death was listed by police as clearly a case of suicide.

DENIES GIVING INSTRUCTIONS TO BEAT PRISONERS

LONDON, April 18.—(INS)—Lt. Granville Cubage of Oklahoma City testified today that he never gave instructions to beat prisoners at the Lighthfield detention camp but "there was a general understanding that beatings were in line with the camp policy."

He said orders to "work over" GI prisoners came from the camp commandant, Col. James A. Kilian of Chicago.

Cubage was a defense witness in the court-martial of Staff Sgt. James M. Jones of Muskogee, Okla. He is scheduled to come to trial himself on charges of assaulting prisoners.

TEMPLE ISRAEL FRIDAY SERVICES Sabbath and Passover services will be held at Temple Israel Friday evening, April 19, at 8 o'clock.

Dr. Iwan Gruen, rabbi of the congregation will preach, his topic to be "The Curse of Disaffection."

The fur most difficult to imitate is the silver fox.

Moscow Radio Declares Election In Japan Invalid

LONDON, April 18.—(INS)—The Moscow radio declared today that the recent Japanese elections could not be considered valid because they failed to comply with provisions of the Potsdam Big Three conference.

The radio, quoting the army paper Red Star, charged that the elections did not express the will of the Japanese people.

The broadcast said that the early elections were to the advantage of "reactionary capitalist quarters."

It added that Japan was imposed on with a "sham democratization" as the United States pursued a policy in Japan like that of Britain in Greece.

AGED MAN FATALLY INJURED PITTSBURGH, April 18.—(INS)—Funeral services were being completed today for Robert L. Sleeth, 80, former Pittsburgh and Homewood banker, broker and steel executive, who died last night in a hospital from injuries sustained in an automobile accident.

David J. Marshall has been granted a private detective license by Judge John G. Lamoree following a hearing upon the application.

CASE CONTINUED

Due to procedural defect, the case of Matthew Leivo and Sons against the County of Lawrence was continued on Monday for opportunity for further study. The case is one in which the plaintiff is seeking to collect \$9,272 claimed due for extra work on the West Washington street bridge, which was recently repaired and improved.

County Solicitor William McElwee,

Jr. argued that the bill had not been presented to the county controller first as provided for in the County Code of 1929 and that the case was not proper in its present form. An amendment was presented stating that the bill now had been presented but to this Mr. McElwee objected said the controller had not yet audited the bill.

Judge Braham suggested a nonsuit which would permit the case to be redrawn but counsel for the defendant asked for a continuance which was granted.

Food Saving Plan Up To President Is Congress Idea

WASHINGTON, April 18.—(INS)—Congress indicated today it was up to President Truman to call the turn on a national food conservation campaign to prevent famine in foreign lands.

Senate members declared that "given the facts and a program" the American people will make voluntary sacrifices to help feed starving people abroad.

This sentiment was expressed as Mr. Truman and former President Hoover prepared to deliver a worldwide radio appeal on the famine problem at 7:15 p. m. (EST) tomorrow night.

Hoover Called Home
Hoover, the President's emissary to famine areas, has been summoned home from Egypt for a personal report on his findings this far.

The tone of the broadcast was believed to have been sounded by Mr. Truman in suggesting that Americans put themselves on a European diet two days a week to see how it feels to go hungry.

Quick action was expected on a series of recommendations by Mr. Truman's famine emergency committee. They called for increased corn ceiling prices to lessen feeding of corn to livestock, steps to end strikes hampering farm production and restriction of flour deliveries for domestic use.

Takes Issue
At the same time, however, Sen. Morse (R-Ore.) took issue with Mr. Truman's claim that the administration is doing all it can to meet the famine problem. Morse said:

"The administration so far has failed to present the facts to the American people. Conservation is fine but you still have to get the food you save to the people who need it."

"So far we have failed to meet the moral obligation we accepted when we dropped tons of leaflets on occupied countries assuring them they would be taken care of when victory came. Why doesn't the President present a plan to Congress to buy up surplus food, put it on ships and get it over there. We'd support it."

2,108,666 IN INDUSTRY

HARRISBURG, April 18.—(INS)—The Department of Labor and Industry reported today that an estimated 2,108,666 persons were employed in Pennsylvania industries during February, a decrease of eight per cent compared with the previous month.

Weekly payrolls were estimated at \$23,710,762 while employee hours totaled 84,880,309, the department added.

But if Russia is all at once such a great menace, how come it couldn't survive the German attack without all the help England and America could send?

Westinghouse Co. Strike Parley Is Being Resumed

PITTSBURGH, April 18.—(INS)—Westinghouse Electrical Corporation today resumed negotiations with the CIO-United Electrical Workers Union in an effort to settle the 94-day old strike of 75,000 production workers.

Reopening of settlement conference followed Tuesday's acceptance of the federation of Westing-

house independent salaried unions of a 17 1/2 cent wage boost. "Exploratory conferences," affecting 10,000 workers in the lamp division have been recessed until tomorrow at which time they will be resumed and run concurrently with the company-wide negotiations.

It will be the first meeting between the union and Westinghouse officials since government mediators withdrew from the case nearly a month ago.

'Wedding Racket' Justice Retained On Technical Point

PITTSBURGH, April 18.—(INS)—A legal technicality today retained Michael A. Rudman as justice of the peace in Braddock township despite his plea of guilty to a charge of misbehavior in office.

Rudman, one of three squires involved in the "courtroom cupids" marriage license racket, was fined \$250 by Judge Henry Ellenbogen

yesterday. The judge said that Rudman could not be forced to resign because of the technicality.

According to Judge Ellenbogen Rudman was arrested October 16, 1945. His six-year term expired January 1, 1946. Despite his arrest, Rudman was re-elected November 5, 1945.

The judge added: "Any public officer who misbehaves in office is not fit to hold his public office and therefore should be removed."

But this does not apply to an offense committed prior to the inception of the term of office. Obviously the voters of Braddock township considered the defendant a fit

person to be elected a second term as justice of the peace despite the charges made against him."

Rudman was accused of pre-dating marriage licenses and receiving more than the legal fee.

DONATE RICE CROP
NEW YORK, April 18.—(INS)—The BBC reported today that Australia planned to donate its entire rice crop to the Combined Food board in an effort to alleviate the crucial world grain shortage.

The broadcast, monitored by NBC, quoted an announcement by Australian premier Joseph B. Chifley.

The average gardener wouldn't have such high hopes if those seed catalogs were not printed by artists looking at their vegetable models through a magnifying glass.

Asks Probe Of Disposition Of Espionage Cases

WASHINGTON, April 18.—(INS)—A resolution loaded with "political dynamite" calling for a congressional investigation of espionage charges affecting important government agencies was slated to be voted upon today by the House.

The resolution is sponsored by Rep. Dondero (R-Mich.). It directs the House Judiciary committee to prove "the disposition of the charges of espionage and the possession of documents stolen from secret government files which were made by the Federal Bureau of Investigation."

Dondero said he was prompted to introduce the resolution by a feeling that the six individuals against whom the charges were made "got off easy." He predicted "sensational developments" if the investigation were made.

It was learned that the Michigan Republican conferred lengthily on the cases with FBI Director J. Edgar Hoover and later told associates that he left the meeting with "a distinct feeling that the FBI was disappointed over the outcome."

Hoover was expected to be asked to make a report on the cases and perhaps testify himself in the event an investigation was ordered.

100 Files Taken

Dondero charged in a House prepared speech that "government records will show that more than 100 files containing top-secret and highly confidential information were stolen from the State department War department, Navy department Office of Strategic Services, Office of Postal and Telegraph Censorship, and perhaps others, while the nation was at war." He added that they were found in the office of a New York magazine.

The resolution named Philip J. Jaffe, editor of the magazine "America," Kate L. Mitchell, co-editor; John Stewart Service, a foreign service employee of the State department; Emmanuel Sigurd Larson, a State department Far Eastern specialist; Andrew Roth, former naval lieutenant on duty in the Office of Naval Intelligence; and Mark Gurn, a free lance writer, as the persons investigated by the FBI in connection with the case.

Three of the six—Gurn, Service and Mitchell—were not indicted by a grand jury, while a true bill charging conspiracy to steal government records was returned against the remaining defendants. Dondero said Jaffe pleaded guilty and paid a \$2,500 fine. Larson entered a plea of not contending and was fined \$500; and Roth was released when the indictment against him was dismissed on motion of government attorneys.

Utica Coed Wins College Contest In Poetry Reading

New Castle, New Wilmington Students Also In Finals On Tuesday Evening

NEW WILMINGTON, April 18.—Mary Ellen Stewart, Utica senior, was awarded first prize in the finals of the annual Poetry Reading Festival at Westminster college, Tuesday. She read from Stephen Vincent Benet's "Burning of the Books."

The judge's second choice was Harriet Sarvel, of Mercer, who read from MacLeish and Massfield and parodies of the two by Louis Untermeyer. Joe Alter, of New Wilmington, received honorable mention for his reading from Kagawa's "Songs of the Slums."

Other contestants who competed in the finals were John Cox, of New Castle; Elizabeth Cummings, of New Wilmington; Ruth Ban, of Homestead Park; Adele Johnston, of Buffalo, N. Y.; Karl Moll, and Leora Protzman, of Pittsburgh; and Janet Keller, of Manchester, N. Y. Members of the faculty who judged the finals were Dean John R. Spicer, Dean Mary Jane Stevenson, and Miss Helen Cushman, assistant professor of speech.

Spain Invites Nations To Probe German Activities

WASHINGTON, April 18.—(INS)—The State department today announced receipt of an official invitation from the Spanish government for a five nation commission to investigate Polish charges that German scientists are engaged in research on new war weapons in Spain.

Philip M. Bonsal, U. S. charge d'affaires at Madrid, informed Secretary of State Byrnes that he had been advised by the Spanish Foreign office, that a public statement on April 13 with reference to a proposed international inquiry could be regarded as "official."

The Spanish government stated its willingness to have members of the United Nations Security Council which have "friendly relations" with Spain to send a commission to investigate the truth or falsity of the accusations made to the Security Council by the Polish government.

The Spanish Foreign office told Bonsal that similar invitations were being extended to representatives of the British, Egyptian, Netherlands and Brazilian governments.

A State department spokesman said that no action has been taken on the Spanish proposal. It was pointed out that it is up to the Security Council in New York to take any action that it deems necessary with respect to the Polish allegations against the Franco regime.

Night Club Offers Detroit 'Salome' Place On Program

DETROIT, April 18.—(INS)—Sixteen-year-old Beverly Cort today held an offer to appear in a well known New York night club because she disobeyed her teacher.

It all began in Lincoln high school in Van Dyke, a Detroit suburb, where Beverly was to do a dance as "Salome," wearing an abbreviated costume, in a student-sponsored stage show.

Her teacher, Mrs. Stella Koski, however, forbade the dance unless it was performed in slacks.

Beverly changed to the brief costume at the last minute. She was censured by her teacher. A rumor swept the high school that she was to be expelled.

Caused Furore Aroused over the incident, the young dancer's fellow students staged a "strike," stayed away from school and protested Beverly's rumored expulsion. The "Salome" incident caused a furore in the little community and attracted the attention of Detroit newspapers.

As a result of the publicity, Billy Rose wired Beverly an offer to appear in the famed Diamond Horseshoe at New York. He promised a two-weeks contract to perform her "Salome" ballet in the abbreviated costume.

Beverly will probably accept, if her parents agree.

The Van Dyke school board, meanwhile merely reprimanded Beverly.

Finds War Assets Varying Attitude 'Pain In The Neck'

PITTSBURGH, April 18.—(INS)—Take it from Congressman James G. Fulton that the war assets administration's attitude of "if you've got it, now you haven't"—is getting to be a pain in the neck.

Fulton, who still hopes to establish a surplus property distribution depot in Pittsburgh, said today the project is in "in the air," despite a promise last week from WAA that one would be set up to take care of western Pennsylvania.

Li Gen Edmund B. Gregory, who heads WAA, refused to commit himself, Fulton declared.

"He told me to go see Sam Husbands, director of the Reconstruction Finance Corporation, with the suggestion that the RFC buy surplus from WAA and resell it in Pittsburgh," Fulton added.

Wearily shaking his head the congressman said, "It's a great game, this politics."

Your dealer may not have one in stock now, but he'll be glad to talk to you about an electric dishwasher.

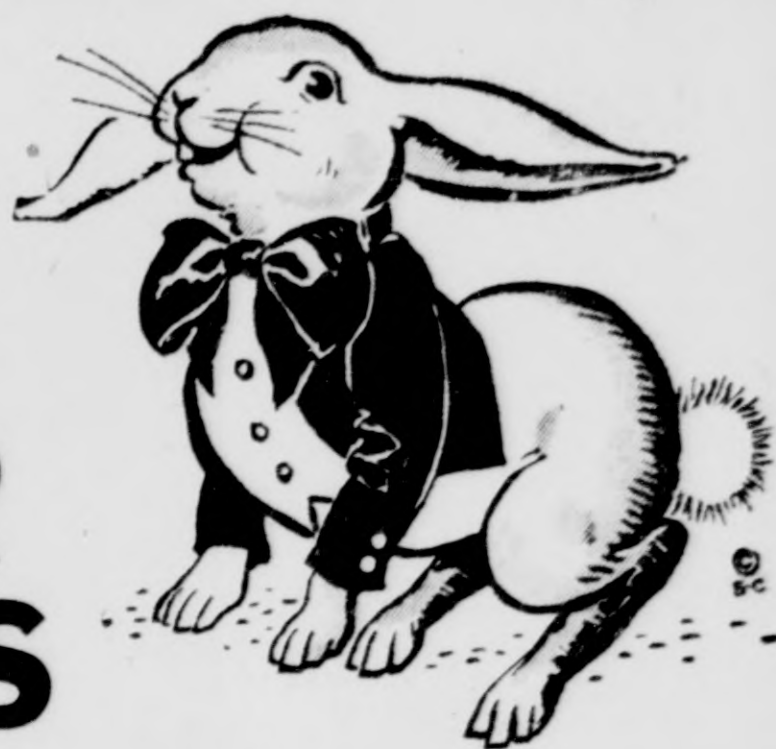

Reddy Kilowatt says, "Once a week you wash your clothes, and you wouldn't think of doing this job without an electric washer. Did you ever stop to think how much advantage an electric dishwasher would provide?" There's a washing job 3 times a day, 365 days a year, and a load of extras on special occasions. What a nuisance dishwashing is, how much time it takes from enjoying the company of your family and friends. Now isn't that a boresome job that electricity could do for you? If you want to really live electrically and enjoy all its advantages, it's time to start thinking of an electric dishwasher.

Commutation Plea For New Castle Slayer Is Denied

HARRISBURG, April 18.—(INS)—A commutation plea filed by Arthur P. Dean, 40, of New Castle, sentenced to life imprisonment in the Western penitentiary for slaying his sister-in-law six years ago, was brushed aside Wednesday at the State Pardons Board by Attorney General James H. Duff.

"There isn't very much I can say about this application," Duff said. "The hearing ended with Duff's remark."

Dean pleaded guilty to the fatal stabbing of Helen Nassal near his home on July 13, 1940. The woman was stabbed 27 times, according to the record.

Lawrence County District Attorney Leroy Donaldson wrote the board that he was opposed to clemency for Dean, an official said.

Harlansburg Woman's Aged Father Killed

Eighty-one-year-old George Horn of the Homewood road, R. D. No. 1, was instantly killed, according to word received here, when struck by a west bound Pennsylvania railroad passenger train, near his home. It was reported that the aged man was sitting on the tracks, evidently having become tired and failed to hear the oncoming train.

The deceased was a retired blacksmith of the National Tube company, Ellwood City. Born in Germany, he had resided for 64 years in this country and was a member of Emmanuel Evangelical church, Beaver Falls.

He leaves his widow, Mrs. Rena Horn, of East Palestine, one son, John Edward Horn, Homewood road; five daughters, Mrs. Anna Baehr, Zeeland, Mich.; Mrs. Freda Braun, Pleasantview; Mrs. Elma Lindow, Wilkensburg; Mrs. Flora Heineman, Homewood road; and Mrs. Minnie Strancker, Harlansburg; 25 grandchildren and 10 great-grandchildren also survive.

Two Friends Talk With Christ Highlights On The Sunday School Lesson

Supper at Emmaus.
 "He is risen"—Mark 16:6

By NEWMAN CAMPBELL
 (The International Uniform Lesson on the above topic for Easter Sunday, April 21, is Luke 24:13-35, the Memory Verse being Mark 16:6, "He is risen").

Today's lesson is about the risen Lord, and no lesson this year has told us about the events leading up to the crucifixion.

This is the story of two friends of Jesus and their conversation with Him on their way from Jerusalem to the village of Emmaus, the site of which is not definitely known today, but is generally thought to be the present El Kubeibeh.

These two men, only one of whom is called by name in St. Luke's account, were not apostles, chosen by the Lord, but disciples and believers. One of the men was named Cleopas—a name not mentioned in any other story in the New Testament. The two were talking of the recent

events, the death of Jesus, the one they had accepted as the Messiah, and also of the rumors of His resurrection, which, however, they were slow to believe.

"And it came to pass, that, while they communed together and reasoned, Jesus Himself drew near, and went with them. But their eyes were hidden that they should not know Him."

Jesus asked what they were talking about as they walked, and why they were sad. Cleopas answered by asking Him a question: "Art thou only a stranger in Jerusalem, and hadst thou not known that He was alive?"

"Then He said unto them, O fools, and slow of heart to believe all that the prophets have spoken."

Then, beginning with Moses, and all the prophets, He expounded to

them in the scriptures all the things concerning Himself.

When they neared the village Jesus would have left them, but they said, "Abide with us, for it is toward evening, and the day is far spent." So He went with them, and at supper, that evening, as Jesus took bread, broke it, and blessed it, and gave it to His companions, their eyes were opened, and they recognized their Lord, "and He vanished out of their sight. And they said to one another, 'Did not our heart burn within us, while He talked with us by the way, and while He opened to us the scriptures?'"

That same hour they rose up and returned to Jerusalem, and there they found the 11 apostles together, and some that were with them, and they said, "The Lord is risen indeed, and hath appeared to Simon."

"And they told what things were done in the way, and how He was known of them in breaking of bread."

These two friends of Jesus were not the only ones who did not recognize the Master when He appeared to them after His resurrection. Mary of Magdala did not, and others.

Everyone was talking about Jesus of Nazareth who had won so many followers, but had been put to death by the priests and rulers, so no wonder they thought this stranger to them must be someone from outside, not from Jerusalem, because He did not know—or appeared not to know—why they were sad, nor what they would most likely be discussing.

It seemed a little odd, too, that Jesus should appear to these two humble men who evidently were not close friends of His, and take such pains to instruct them in all the sayings and prophecies about Him. But Jesus always was concerned about the common man, and He had great faith in him, choosing His closest associates from the ranks of poorer and humbler men.

Rejoice and have faith this Easter Day, for Christ is risen!

Democrats Are Widely Split

New Deal Democrats In Congress Angry At Result Of Party Caucus

WASHINGTON, April 18.—(INS)—House Democrats were split wide open today in the wake of a party caucus which almost broke up in a row after appointing an 11-man liaison committee to prevent "errors" in Democratic ranks.

New Deal Democrats left the caucus fighting mad when it broke up shortly before midnight following a closed 90-minute session in the house chamber.

They charged that the Democratic leadership "let the administration down" in appointment of the "liaison committee." The committee, they charged, was "packed with southerners."

The caucus had been called to consider "mistakes" by the Democratic national committee, such as publication of a statement criticizing members who voted for the Case anti-strike bill and the sending of telegrams to county chairmen instructing them to choose "proper candidates" for the coming congressional elections.

Angry Opposition

Members said everything proceeded harmoniously until almost the very end when Rep. Cooper (D-Tenn., caucus chairman) announced the makeup of the 11-member liaison committee, whose purpose it will be to "confer" and "cooperate" with Democratic headquarters and the Democratic congressional campaign committee.

Angry shouts of "no, no" rent the house chamber as the names were read. They included seven southern members and four New Dealers.

The committee members were: Speaker Rayburn, Tex.; McCormack, majority leader, Mass.; Latham, Tex., author of the resolution creating the group; Cox, Ga.; Smith, Va.; Boren, Okla.; Coffee, Wash.; DeLoach, La.; Murphy, Pa.; Slaughter, Mo., and Woodhouse, Conn.

New Deal Democrats were bitter as they poured out of the house chamber.

"The appointments to the committee are all anti-administration," commented Rep. Hook (D-Mich.) "And you don't have to exclude the speaker (Rayburn) or the majority leader (McCormack), as far as I'm concerned. It was confusion from top to bottom. It was a case of the northern Democrats for the administration and the southern Democrats against."

War Relic Shells

Cause Heavy Damage

NEW ROCHELLE, N. Y., April 18.—(INS)—When you dispose of war relic cartridges or shells, don't toss them in the ash can.

The New Rochelle City Council had a \$4,000 repair bill today—the result of explosions of discarded cartridges and shells tossed into the city incinerator along with refuse collections.

Grandpappy Jenkins says those post-war planners ought to do something about extending the strawberry shortcake season.

Battle Continues For Possession Of Manchurian Capital!

CHUNGKING, April 18.—(INS)—Scattered reports on the battle of Changchun indicated today that strong Chinese forces were driving against last-stand positions of government troops in the heart of the Manchurian capital.

The Central News Agency reported that the Communists have captured the greater part of Changchun and that the Nationalist defenders were outnumbered ten to one.

The Agency said, however, that the Nationalist garrison was receiving constant air support but was short of ammunition.

Hope of a peaceful solution of the entire Manchurian problem was re-awakened with the arrival in Beijing of Gen. George C. Marshall. Marshall was to confer with Lieut. Gen. Alvan C. Gillem Jr., and Communist and Nationalist officials at executive truce headquarters in Chungking.

Butter And Beef Being Returned From Pacific Area

SAN FRANCISCO, April 18.—(INS)—Army port authorities disclosed today that two millions pounds of beef are being returned from Pacific areas to San Francisco.

In a summary of "operations reverse," Army Port Commander Maj. Gen. Homer M. Grombier said more than 700,000 tons of surplus war supplies and materials already have been returned to San Francisco.

The summary added, however, that these commodities will not reach the civilian market directly but will represent "just that much less buying by the government for army installations on the mainland."

Simpson Brothers Both Out Of Navy

Discharged just one day after his brother left the Navy, Seaman 1-c Frank Simpson is now home after 20 months service.

8 1-c Simpson had been repairing Diesel engines before receiving his discharge papers at Norfolk, Va., on April 6.

Nile Simpson, pharmacist's mate 3-c, was discharged at Bainbridge,

Md., on April 5 after two years and eight months service, 18 months of which were spent in the southwest Pacific. Stationed at the naval air station, Glenville, Ill., before his discharge, the local sailor has seven battle stars for Pacific service.

The boys are the sons of Mrs. Agnes Simpson of Cedar street. Nile resides at 1209 North Mercer street.

Leader Of Greece Says Europe's Fate Depends On U. S.

LONDON, April 18.—(INS)—Constantin Tsaldaris, about to become the new political leader of Greece, believes that the fate of Europe depends on America.

The premier-to-be declared that if America fails to uphold the principles of justice, Europe will degenerate into Communism or Fascist dictatorships.

Tsaldaris, leader of the Greek People's Revolutionary party expressed his belief in the United States' role as savior of Europe after a dinner tendered Herbert Hoover during the ex-president's tour of European famine areas.

While America's only living ex-president sat chatting with other Greek leaders, Tsaldaris said: "America is our one hope in the world today—the hope of the common man of Europe."

IMPORTANT NOTICE to all A&P CUSTOMERS in New Castle

The Great Atlantic & Pacific Tea Co. pioneered in granting the 5-day week to all employees in the retail grocery field.

A&P pioneered the shorter work week for all employees.

A&P is now pioneering another change to better the working conditions of their large group of co-workers, by eliminating, to a great extent, working in the evenings—this will be accomplished by the following changes in store shopping hours, starting

Monday April 29th A&P Super Markets in New Castle Will Be Open For Business On The Following Schedule

OPEN	CLOSE
9 A. M. MONDAY	9 P. M.
9 A. M. TUESDAY & WEDNESDAY	6 P. M.
9 A. M. THURSDAY & FRIDAY	9 P. M.
9 A. M. SATURDAY	6 P. M.

This drastic change will enable all A&P Store personnel to spend their Saturday Evenings at home with their families—to live a more normal life and enjoy a greater measure of leisurely recreation.

However—to put this plan into effect we must ask the full co-operation of our customers, whom we feel will heartily agree with any arrangement that will provide better working condition for our Employees.

Easter Cantata Sunday Evening At Christian Church

New Vestments To Be Worn And
New Hymns Placed In Use
Easter Sunday

Combined choirs of the First Christian church, under the direction of Mrs. Kathryn Nesle Allen, will render the Easter cantata "From Darkness to Light" arranged from P. I. Tschakowski, at the church Sunday evening at 7:30 o'clock. At this service the choir will wear new vestments of deep red recently purchased for the church. Soloists will be Miss Emma Staff, soprano; Mrs. L. Paul Friend, contralto; William McCormick, tenor, and James Bowman, baritone. Miss Emma Patton will assist at the organ and Miss Margaretta Hest at the piano.

Also, at the worship service Easter morning the congregation will use for the first time the new hymnal, "Christian Worship." Three hundred copies of this hymnal recently published jointly by the Baptist and Christian church have been placed in the church.

Health Talks By Dr. W. A. Womer City Health Superintendent

GRAY BREAD AND WHITE BREAD

There is always a lot of discussion about different kinds of bread. It has been a standard form of food for centuries. Different countries and different localities prefer different kinds of it.

Bread is a good source of starch which is changed into sugar by digestion and used in the body for heat and energy.

It is made from a variety of cereals, such as wheat, rye, barley, corn, oats and other grains. Americans seem to prefer white bread and white flour. This white flour has been milled so that most all of the vitamins have been removed. After the flour has been made white these vitamins and other beneficial things may be added to it without changing the odor or taste. This flour is called enriched flour.

There are probably some other things in grains which have not yet been discovered or isolated, but vitamins have the center of the stage now.

Gray or brown bread is not so finely milled as white bread. It contains more of the things found in the wheat kernel.

These things are beneficial and valuable as food. Some people like gray bread. It is fine for them. If people will not eat it, they will not get much good out of it.

BEANS AND TASTES

There are so many different kinds of beans that one would think everybody would be suited with at least one kind.

They provide a lot of nourishment, especially in the form of starch. They also provide considerable protein too.

Soy beans are especially rich in protein. They provide almost as much protein as meat does.

However, people in this country do not seem to like the taste of soy beans. It does not make much difference how much protein or how many calories they provide, if they are not eaten.

Perhaps our cooks and housewives may be able to find some ways to make soy beans taste good.

The Chinese are said to like soy beans but who wants to live in China?

CAN'T KEEP GRANDMA IN HER CHAIR

She's as lively as a youngster—Now her backache is better. Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 5 pints a day. When disorder of kidney function permits poisons to remain in your blood, it may cause backache, rheumatoid pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headache and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

New Ports, Big Merchant Marine Aim Of Russians

MOSCOW, April 18.—(INS)—The official Soviet publication "Izvestia" reported Wednesday that Russian plans for another five-year plan call for the construction of a powerful merchant marine and "many new ports."

Besides reconstructing seaports destroyed by the Germans, Izvestia said, the Soviets intend to develop and enlarge their new "non-freezing" port in the Baltic region—Koenigsberg.

Russia hopes that by 1950 its merchant marine will be double that of the present day. It plans to build scores of new merchant vessels, including ocean-going craft.

The new five-year plan also calls

for construction of many new shipyards, equipped with modern ship-building devices. Izvestia added: "Everything will be built so that any ocean-going vessel can be received and unloaded without a moment's delay."

WARN MOTORISTS OF ROAD WORKERS

HARRISBURG, April 18.—(INS)—State Police Commissioner C. M. Wilhelm called upon motorists today "to be continually on the alert for

workmen along the highways and to obey all signs or signals placed to protect them."

Wilhelm said complaints had been received of "reckless driving by motorists who fail to exercise sufficient caution in driving through work zones."

Initial leader of the U. S. Marine Corps, oldest military branch of the government, was Samuel Nicholas, a Philadelphian whose commission as captain was authorized by the Continental Congress on November 28, 1775.

Take Over Tonight

Committee Heads, Additional Service Officers Will Be Chosen During Evening

At the first full meeting under the new officers this evening at 8 o'clock, Commander Joseph Waizer will complete the roster of appointive officers of Neshannock Post 315, V. F. W.

Most of the committee chairmen are the same as for the last term but several World War II men have important assignments such as membership chairman, athletics, public relations and Memorial Day chairman.

Because of the heavy case load carried by Service Officer Frank T. Sergeant, the Neshannock post needs at least three more accredited men in this phase of post activity. One or more will be authorized at tonight's meeting.

Under the athletic program Chairman James and Co-Chairman Goodrich have the softball team lined up and if present plans materialize, post 315 will also be represented on the baseball diamond. Later on, bowling and basketball will be added.

The hospital committee, inactive since the closing of Deshon Annex, will have an important announcement this evening.

A reception was given in honor of Rev. John Taylor and family, Friday evening in the Unit. Baptist church, to welcome the Taylor's as they assume the pastorate of the church, Rev. Taylor, formerly of Erie, assumed his pastorate here March 24.

Herman Kamerer, a member of the Board of Deacons, gave the welcome address, in behalf of the church, followed by the men's chorus, girls chorus and congregational singing, led by S. A. Eakin.

An appropriate musical reading, "The Church You Like" was given by Mrs. Elizabeth Fleming.

Rev. O. W. Hurst, of New Castle, brought greetings, and introduced the visiting pastors, Dr. M. G. Munn, and Rev. Fred Cochran, Plainville; Rev. V. A. Shreber, Princeton; Rev. Robert G. Thomas, Portersville and Rev. Earl Collins, Castlewood.

Rev. Taylor responded briefly with remarks at the close of the program.

A social hour terminated the enjoyable evening.

HARLANSBURG NOTES

Mr. and Mrs. Roy Harlan attended the wedding of Mrs. Harlan's niece, Miss Arline Shields and Earl Wolfe, at Jacksville, Thursday evening.

Mrs. Willis Kueran and family attended a birthday dinner in Mrs. Kueran's honor, on Saturday at the home of Mrs. Alice Corvey, of New Castle.

Mr. and Mrs. T. C. West and family, were supper guests on Sunday of Mr. and Mrs. W. J. McCracken, New Castle, R. D.

Miss Carol West was a week end guest of Miss Helen McCracken and Miss Joanne McGee of New Castle. P. S. Glenn Harlan has been honorably discharged from the service and arrived at his home Saturday evening. He served over three years, 13 months of it in Germany. He was met in Pittsburgh by his wife, Mrs. Winifred Harlan.

Mrs. Chester Young who has been ill about four weeks, has recently suffered a heart attack.

Charles Hunter, of New Castle has purchased the property near Liberty Grange, formerly owned by Lance Dean.

Mr. Mary McKissick and Miss Jennie Blevins, have had as their guest, Grace McConnell, who has

recently arrived from Riverside, California and expects to spend the summer in New Wilmington.

Miss Shirley Macom, who is in Jameson Memorial Hospital, recovering from an operation, is much improved.

Mr. and Mrs. Ellis Locke have been in Mrs. Locke's sister's home some few days during the death and funeral of Scott Nelson, a brother-in-law, who lived at London, Grove City, R. D.

Charles Wharton, of New Castle, was a Saturday guest of Mr. and Mrs. Clarence Allison.

Dean Collins, Mr. Pearle Reynolds, Mrs. Della Thompson, Mrs. Margaret Harlan and Mrs. Faidia McFarland, were recently in Leesburg, attending the funeral of Ed Bracken.

Mr. and Mrs. William McDaniels, of Beaver Falls and Mr. and Mrs. William Roberts of Koppel, were Sunday evening guests of Mrs. Pearle Reynolds.

Mrs. Minnie Strawhecker and family have returned home after attending the funeral of her father, George Horn, of Homewood road, Beaver Falls. Mr. Horn was killed instantly when struck by a train.

Dad may think he is the king of his household but these spring cleaning days the only scepter he wields is a broom or a mop.

PHILCO PLANS
2 WEEK LAY-OFF
FOR 3500 WORKERS

PHILADELPHIA, April 18.—(INS)—

The Philco corporation prepared today to lay off 3,500 employees for two weeks, beginning next Monday, due to critical shortages of radio parts.

President John Ballantyne said the temporary layoffs will end May 6.

His announcement followed on the heels of a regional wage stabilization board directive approving a general wage increase of 18 cents an hour for the 4,400 employees of the company based on an adjusted OPA ceiling.

Ballantyne laid the shortage of parts to the steel strike and the critical situation in the copper industry where strikes also have affected the supply.

Worry of
FALSE TEETH

Shipping or Irritating

Don't be embarrassed by loose false teeth slipping, dropping or washing when you eat, talk or laugh. Just sprinkle a little FASTEET on your teeth. This pleasant powder gives a remarkable sense of added comfort and security by holding plates more firmly. No gummy, sticky paste taste or feeling. It's alkaline (non-acid). Get FASTEET at any drug store.

EASTER TIE-IN
SALES ARE HIT

PITTSBURGH, April 18.—(INS)—

The Western Pennsylvania OPA office today began cracking down on Easter tie-in sales of candy with baskets and other seasonal items.

District price specialist, Thomas E. Murray, notified the area price

boards of wholesale price and tie-in violations and ordered an immediate investigation of all cases.

He said reports received in Pittsburgh indicated that baskets priced from \$1.50 to \$5 are worth less than half that price.

U. S. Takes Up Censorship Plans Of Iran

WASHINGTON, April 18.—(INS)—A state department spokesman revealed today that the United States is taking up with the American embassy in Tehran Iran's newly announced strict censorship on dispatches coming out of that country.

The spokesman declined to go further, or to say whether representations are being made, or if the inquiry is directed at determining the internal situation which prompted the imposition of a news blackout.

He said that the last word from Tehran was the report of censorship transmitted by Wallace Murray, the retiring ambassador who is scheduled to leave Iran today for the United States.

During Murray's absence and pending the arrival of Ambassador-designate George V. Allen in Tehran, the embassy's affairs will be handled by charge d'affaires Angus Ward.

Governor Postpones Negress' Execution

HARRISBURG, April 18.—(INS)—Gov. Edward Martin today issued a writ postponing the electrocution of Corinne Sykes, alias Heloise J. Parker, 21-year-old Philadelphia murderess, from April 29 to May 27.

The four-weeks respite was granted because of an appeal from the death sentence pending in the U. S. supreme court.

The 21-year-old Negro housemaid was accused of slaying her employer, Mrs. Freda Wodlinger, of Philadelphia, with a butcher knife in an attempted robbery.

Duntile Presents Only Paving Bid

New Castle Duntile company submitted the only bid today for the paving of White street between Neal street and Shady avenue, a project which is to be paid by the abutting property owners. The bid was \$12,034.25.

There were two bids for grading of White street, as follows: Kane, O'Hara and Haeney, \$726.25 and New Castle Duntile company, \$752.00.

After the bids were read by City Clerk Jack Fritz, they were referred upon motion of Finance Director Albert Hoyland to the city engineer for checking and a report back to the Council.

Major H. W. Shoup On Training Staff At Randolph Field

Major Harry W. Shoup, son of Mr. and Mrs. Archie A. Shoup of Bensenville, veteran of five years military service, has been assigned to the AEF Flying Training Command headquarters, Randolph Field, Tex.

Major Shoup will be the assistant air inspector for training.

Prior to being transferred to the Texas base, Major Shoup was at the FTC headquarters, Moody Field, Ga., where he was engaged in operations and training. He had previously served at Maxwell Field, Ala., Cochran Field, Macon, Ga., Hunter Field, Ala., and in the European theater for four months.

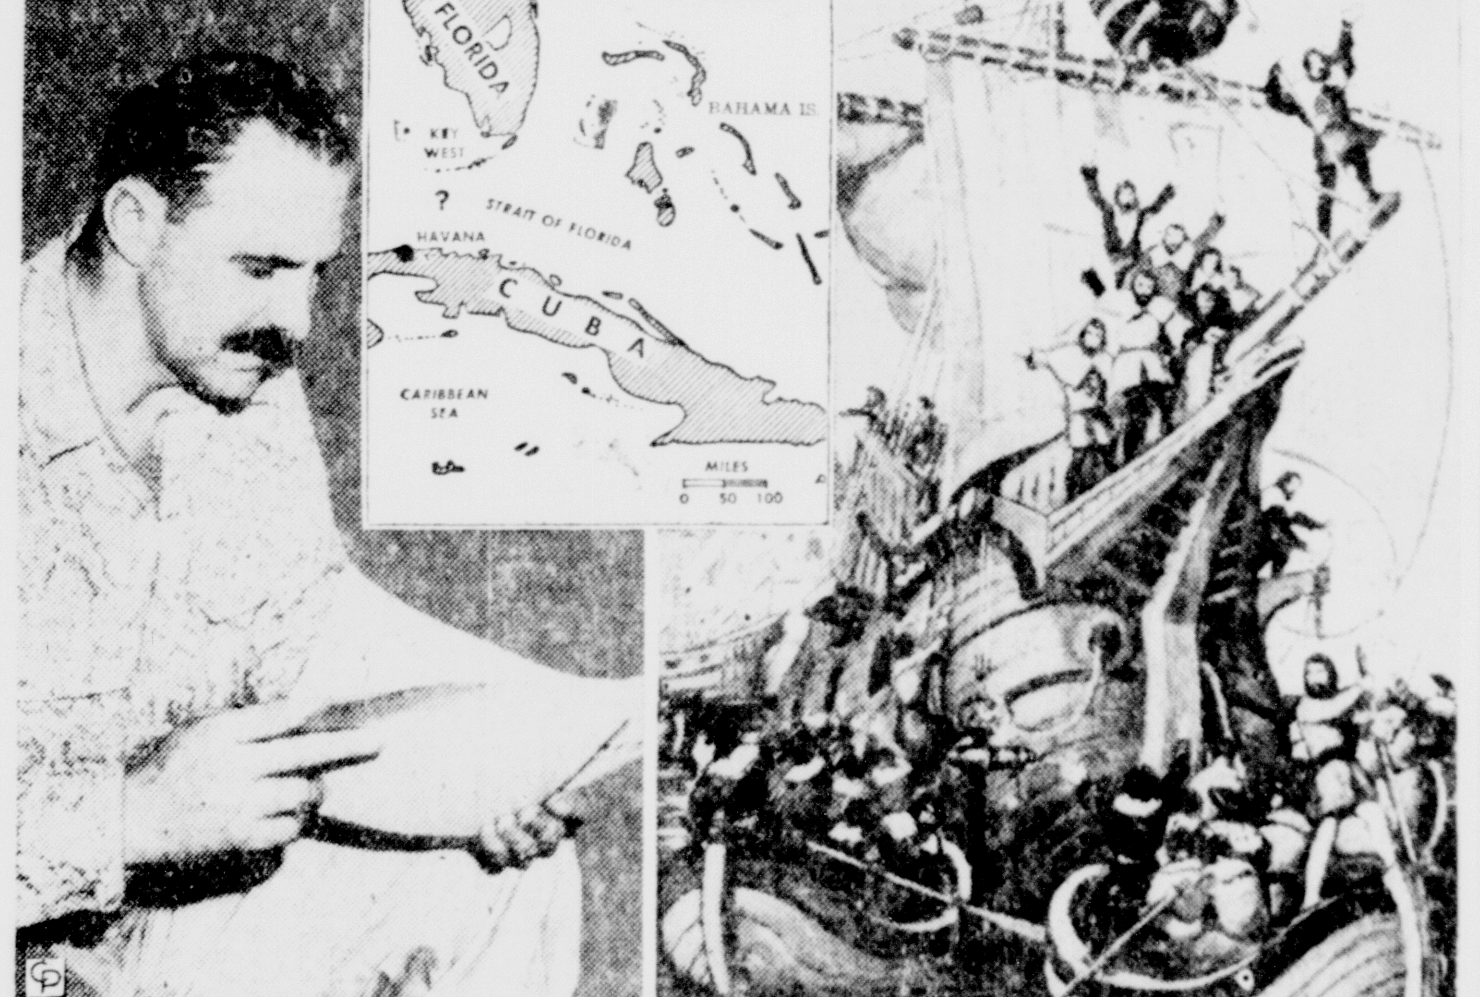

His wife and two daughters, Judith and Pamela, are making their home in Aliquippa at the present time.

New Section Of Street To Be Lighted

Upon recommendation of Safety Director D. G. Dwyer today in Council, Property Director Joseph D. Alexander submitted a motion that a 250 c. p. light be placed in Reynolds streets between Scioto and Moravia streets and a 600 c. p. light now at the end of Reynolds street be so shifted to cast light over the west end of the street. Reynolds street was extended between Scioto and Moravia streets during the winter. Finance Director A. H. Hoyland seconded the motion and it passed unanimously.

AUTO DRIVER HELD
City Policemen Ray Richards and Clarence Welsh at 9:49 p. m., Wednesday, arrested J. C. Lawrence, Martinsville, R. D. 2, on a charge of operating a motor vehicle while intoxicated after his car reportedly struck an auto owned and parked by Dan Pulvi 1009 Huey street, in Quest street. According to Police Chief Robert D. Hanna he pleaded guilty before Alderman Samuel Bassano today and gave bail for appearance in court.

SEEKS TO RECOVER TREASURE FROM SUNKEN GALLEON

A GREAT TREASURE HUNT is going on in the waters off the Florida keys, with \$20,000,000 in Spanish gold and jewels believed to be at stake. According to legend the Spanish galleon Santa Rosa sank in 1520 somewhere between Key West and Havana, with vast treasure in her hold. Irwin A. Williamson, above, noted diver who has been trying to recover the treasure since 1941 when he first discovered the ship, was turned back by high seas in his latest attempt to break through the coral tomb of the ship.

Superstitious persons point out that Montezuma, the Aztec chief, put a curse on the treasure when the Spaniard Cortez loaded it aboard the Santa Rosa at a Mexican port in 1520. The Santa Rosa was similar to the galleon reproduced in the painting above. It shows the ship in which Magellan's followers sailed around the world in 1520.

Greek Ambassador Returning Home

WASHINGTON, April 18.—(INS)—Greek Ambassador Camon P. Diamantopoulis announced today that he plans to leave for consultation with his government in Athens on April 24.

Diamantopoulis made his announcement before calling on Undersecretary of State Dean Acheson to discuss the Greek situation. The envoy said he expected to be away from Washington for about 20 days.

At the same time, he brought a message from Greek Foreign Minister Constantin Tsaldaris thanking Secretary of State Byrnes for his recent remarks praising the character of the Greek people.

TRADE BILL FOR PHILIPPINES GOES TO TRUMAN'S DESK

WASHINGTON, April 18.—(INS)—The Philippine Trade Bill, designed to aid the new republic that will be created July 4, received final approval today in Congress and was sent to the President for his signature.

The House took the final step in approving a conference report previously agreed to by the Senate

Inmate Dies Of Skull Injuries

NORRISTOWN, Pa., April 18.—(INS)—Bernard V. Curran, 58, an inmate of Norristown State hospital, died today of skull injuries reportedly inflicted last Tuesday by another patient.

Investigators identified assailants as Harold Miles, 51, who was committed to the institution in 1939 for dementia praecox. Curran entered the hospital in 1942.

Curran fell on the concrete floor after the blow which was struck in the presence of thirty other patients. Miles assertedly held a cake of soap in his hand when punching the victim.

Pinkerton Named Minister To Iraq

WASHINGTON, April 18.—(INS)—President Truman today nominated Lowell C. Pinkerton, of Missouri, to the U. S. minister to Iraq.

Pinkerton is a veteran member of the State department's foreign service, having received an appointment as consular assistant in September, 1917.

His chief experience has been in London but his appointment to Iraq was regarded as convenient because he has been consul general in Jerusalem since February, 1941.

From 1937 until his departure to Jerusalem, he was consul general at Wellington, New Zealand.

United Brethren Missionary Women Close Convention

Fifty-third annual session of the Sandusky branch of the Women's Missionary society of the United Brethren in Christ church, was held in the First United Brethren church, Crawford avenue, Tuesday evening and all day Wednesday.

Forty delegates, representing 19 local associations, from Ohio and Pennsylvania, were present on Tuesday evening for the opening session, when an address on "Look to This Day" was ably delivered by the president of the District Missionary group, followed by a program given by the women of the host church.

Wednesday morning a service was highlighted by a paper on young people's and children's missionary societies given by Mrs. Ethel Moffitt of Findlay, O., and Mrs. Richard Conrad of Bowling Green, O.

During the afternoon session Rev. Elmer M. Hodgeboom, general secretary of Huntington, Ind., reported of the mission work in Africa and China, presenting the need of missionaries in other lands.

Dr. A. M. Johnson, pastor of Huntington, delivered a scholarly address on Wednesday evening on "Come, 'Tarry and Go" as his missionary address to the conference.

The services were interspersed with special solos, duet and quartet numbers.

Telephone Company Pays Pole, Wire Tax

Council met Thursday in City Hall and upon motion of Finance Director Albert Hoyland, and seconded by Property Director Joseph D. Alexander, ordered turned over to City Treasurer B. N. Harlan, \$708.30 represented by the Bell Telephone company for 1940 pole and wire tax.

RUSHING THROUGH HUGE AMOUNT FOR FEDERAL EMPLOYEES

WASHINGTON, April 18.—(INS)—The House today hurriedly and unanimously approved a 181 million dollar appropriation in an effort to head off "payless paydays" for hundreds of thousands of government employees.

It sent the emergency appropriation to the Senate amid assurances from the upper house that it would agree to it this afternoon. The bill will go to the White House before the end of the day.

The emergency appropriation was necessitated by the Senate's delay in acting on the second deficiency appropriation bill, which contains funds for the paying of salaries in more than 30 executive departments and agencies.

CHARGE AUTO HITS FOUR OTHER CARS Not Cooperating With Veterans

HARRISBURG, April 18.—(INS)—The Pennsylvania department of the American Legion announced today that it had launched an investigation of several Philadelphia trade schools which allegedly have not cooperated with veterans desiring training.

Commander James P. Murray declined to identify the schools.

Most of these schools are collecting tuition from the Veterans' Administration for training former GI's for technical positions but are not supplying adequate training and are not using veterans in low grade work with no opportunity for advancement, Murray charged.

He said the inquiry recommended by the VA was under the supervision of Homer Sarge of Pine Grove, the department's rehabilitation director.

Assistant Catcher Of Dogs To Be Hired

When council met today in city hall today adopted a resolution recommending by Police Chief R. D. Hanna that an assistant to the dog catcher be employed at a salary of \$20 weekly.

An assistant was in the employ of the city last summer.

According to the police chief, the "dog wagon" will be placed in operation as soon as the assistant is employed.

Gauleiter Of Poland Admits His War Guilt

NUERNBERG, April 18.—(INS)—Hans Frank, Hitler's gauleiter of Poland who fed millions of enslaved Poles into the murderous Nazi forced labor mill, took the witness stand today and admitted his full guilt for Nazi atrocities.

Frank, who all but wiped out Poland's Jewry, told the international war crimes tribunal that five months' attendance at the trials gave him "total insight" into his "monstrous crimes."

He confessed: "I cannot help feeling immense guilt."

Seeks Sympathy

Testifying in a flow of theatrical oratory Frank declared:

"I frantically desired greatness for the German nation . . . Hitler's rise to power was unprecedented in human history. It is an unhappy fact that he took a bad road in 1933."

Frank attempted to gain the sympathy of the court and declared that he voluntarily turned over his 43-volume diary to U. S. officers instead of destroying it.

He added that his conscience troubled even in the days of Nazi power, forced him to submit his resignation 14 times as governor general of Poland and ask for duty at the front.

The former gauleiter has embraced the Catholic faith since his arrest.

Farmers Paid Taxes In Wrong County For Years

VALENCIA, Pa., April 18.—(INS)—The long and much-argued Allegheny-Butler county line problem today was considered settled by county commissioners.

But for two Valencia families—the Kramers and Stoups—the trouble has just begun.

With the decision of the commissions yesterday to fix the line once and for all the Kramers and Stoups learned that they have been paying taxes to the wrong county for 36 years. Technically, at least, they are liable to Allegheny county for taxes which they paid to Butler county for that period.

And, too, George E. Kramer, Jr., head of the one family, has been a Butler county squire for more than 18 years—in direct, but innocent, violation of the law which requires him to reside in the county from which elected.

Allegheny County Commission Chairman John J. Kane requested tax officials to reach an agreement so as not to "cause undue hardship" to the families.

Power Company Is Given Award

Navy Awards Scroll To
Pennsylvania Power Com-
pany For War Service

L. B. ROUND RECEIVES AWARD IN NEW YORK

For "meritorious service and outstanding performance rendered beyond normal responsibility" during the war, Pennsylvania Power Company has been awarded a scroll by the Navy as an evidence of its appreciation to the management and employees of the company.

The scroll was accepted on behalf of the company and its employees at a luncheon held in New York City, Tuesday, by L. B. Round, Vice President and General Manager of the Company.

Presentation of the award was made by Commodore W. M. Angas, Superintendent Civil Engineer of Area II.

Rear Admiral Monroe Kelly, Commandant of the Third Naval District was also present and commented on the wartime accomplishments of the utility industry.

Award Outlined

With the scroll, Commodore Angas presented to Mr. Round a letter outlining the basis on which the award was made. The letter states:

"During the critical days of the war many new Naval installations were established in these Areas. Plants and factories which supplied the major portion of Navy requirements were converted to war use overnight. Electric energy was vital to the operation of all activities

and speed was essential. There was never a shortage of energy nor interruptions of sufficient magnitude or duration to hamper supply or operations seriously in the areas served by your Company.

Through the Utilities Wartime Aid Program your Company rendered invaluable service to Naval Shore Establishments. This service was given promptly, wholeheartedly and efficiently and made possible the delivery of power continuously, economically, and dependably, resulting in the conservation of critical materials and manpower all during the war. This service was a real and effective contribution to victory.

Your company demonstrated most effectively its foresight, ingenuity and soundness. I am, therefore, pleased to affix my signature to the attached statement of appreciation and extend my congratulations to all hands in your organization."

Company Pleased

In connection with the award, Mr. Round stated today: "Naturally we are very pleased at the recognition which has been accorded us by the Navy. Our feeling, however, is that we merely did our duty. Every employee of the company resolved at the beginning of the war that nothing would be left undone by us in fulfilling our responsibilities for the achievement of victory. In some cases this aim resulted in inconvenience to some of our customers. We are happy to say that where such was the case, our customers fully appreciated the situation and cooperated to the fullest extent."

This particular area was exceptionally important during the war in war production, and it is gratifying that at no time was this war production hampered in any way by any curtailment or serious interruption of electric service.

Example of ladies-first chivalry. Increased production of woollens equals 80,000,000 yards a year, but men get none of it. Ladies' garments are more profitable.

Building Program For Chinese Group

PITTSBURGH, April 18.—(INS)—A national headquarters rebuilding program was scheduled for discussion today at the national convention of the Chinese on Leong Merchants Association.

Interest will center on New York's famous old temple at Canal and Mott streets, Willie Yot, a Pittsburgh interpreter said. He added it will be several days before a definite decision is reached.

Once the association's building program is settled the 175 delegates will turn their attention to raising a relief fund for war torn China.

Yot said they will not go outside their own organization seeking relief funds.

Atomic Energy Giving Clues To Medical Science

American Experts In Science
And Medicine Seeking
New Uses Of Atomic
Force

NEW YORK, April 18.—(INS)—Atomic energy is providing vital new clues in the mending detective work of medical science.

At a score of research centers in the United States today, the keen eyes and minds of thousands of American physicists and physicians are at work seeking even more means of employing constructively the world's most destructive single weapon.

Dr. Edith Quimby, distinguished professor of radiology and physics at New York's vast Columbia-Presbyterian medical center, revealed today some of the mighty forward strides taken by medicine in the use of the basic elements of atomic power.

It is not, she emphasized, yet regarded as approaching a cure for general cancer stage.

In fact, researchers laboring in medical laboratories, are concentrating on what they consider a far more important aspect of atom study.

May Reveal Secrets
They believe that, through the use of radioactive elements of the atom, they will discover at last the long-hidden secrets of what makes human organs function. The "responsibilities" of the intricate pieces which make the structure known as man.

Already, they have begun testing their theories and the results, even as conservative a medical scholar as Dr. Quimby will agree, are more than gratifying.

Radioactive minerals such as iodine, phosphorus, and sodium are injected into the human body and science at once steps in for the study.

How are the minerals concentrating on the liver? The thyroid? The lymph glands? The blood?

Is there improvement or deterioration? Does the body seem to excrete a surplus of say, phosphorus and if so, why?

When the elements arrive at "critical points" what happens?

Dr. Quimby believes the discovery may revolutionize some medical conceptions of basal metabolism, that it may shed sweeping new light on the age-old question of what is going on within the human body.

Aid To Biologist
As Dr. John H. Lawrence, the distinguished University of California radiology expert says:

"The physicist has given a two-edged sword to the biologist and medical investigator. Artificial radioactivity provides a method of labelling atoms for metabolism studies and it substitutes for radium in the treatment of certain specialized cases."

Dr. Quimby describes it as a means of "learning what causes something"

and as a "tracer investigation" of the human system.
In the treatment of cancer, she points out, it is seldom possible to give sufficient radiation to the infected point without seriously—and not fatally—affecting the other organs of the body.
There is yet no sure means, Dr. Quimby explained, to isolate the radiation: To be positive that it will take its potentially disease-debilitating qualities to the diseased point.

AROUND CITY HALL

When the city receives and installs 300 additional penny or two nickel meters, the city will have more than 400 along uptown thoroughfares. One hundred and ten were installed recently and have been working satisfactorily. A person may park for 12 minutes for a cent or 120 minutes for 10 pennies, one hour for five or a nickel or 120 minutes for two nickels. Dimes will not work. The hands must be turned following each deposit and the meter is not operative until the red flag or violation sign drops. Miller meters cannot be set. The old meters will be sold to the highest bidder.

City ordinance prohibits the burning of paper or any other material on paved thoroughfares, especially those which have been blacktopped. It will not be long now until drinking fountains are placed in operation. The fountains are kept ice during hot weather.

When Butler avenue extension, Taylor and Neal streets are paved by the State Highway, the route will carry most of the heavy traffic through the city. Bids for the project will be opened soon at Harrisburg.

Sportman's Council To Convene Friday

Sportman's Council of Lawrence county will hold its regular monthly meeting at 8 o'clock Friday night in the Y, according to George Bolinger, secretary. The most important subject to be discussed will be whether or not to reaffiliate with the northwestern division of the Federation of Sportsmen. Representatives of all clubs making up the council should attend.

PREPARE SERUM TO CURB POSSIBLE MEASLES EPIDEMIC

HARRISBURG, April 18.—(INS)—The state health department had available today 5000 five cubic centimeter ampules of immune globulin for the prevention of measles as the disease reached "epidemic proportions" in Pennsylvania.

Health Secretary Harry W. Weest said 31,607 cases of measles were

reported in the commonwealth between January 1 and April 12 of this year compared with 1700 cases in the same period of 1945.

Weest explained that the globulin was released to the department by the American Red Cross and was available for distribution to physicians and local health boards from centers at Harrisburg, Philadelphia, Pittsburgh, Wilkes-Barre and Reading.

Christ Lutheran's Easter Services

Christ Lutheran church, East Washington street will commemorate the death of Jesus Christ in special Good Friday service, at 7:30 p. m.

"Glorious in the Cross" will be the pulpit theme, with Rev. M. H. Lobeck, occupying the pulpit. The

choir will sing "Throned Upon the Awful Tree."

Easter, at 7:30 p. m., will tell the story of Christ's resurrection, in word, picture and song. Thirty-eight slides of the Easter and post-Easter story, in full color will be shown.

The pictures will be shown under the direction of Alfred Hyde and N. Binder, superintendents who have recently introduced visual aids into the educational program of the Sunday school.

No White Shirts For Year Anyhow

WASHINGTON, April 18.—(INS)—Price Administrator Paul Porter said Wednesday it will be "a year or more" before the nation has "an abundant supply" of men's white shirts.

Porter, testifying before the senate banking committee to urge a

year's extension of the price control act, denied that OPA pricing policies are responsible for the shortage of low-priced cotton goods.

He ascribed the scarcity to labor shortages in textile producing areas, adding:

"I can say that all suitable fabrics are going into shirt production, and we can look for an easing of the situation, but it will be some time before there is an abundance."

Schedule Stumps City Leaguers

Playing Schedule Difficult To Draw Up With 12 Teams, Many Use Same Fields

City Baseball league managers were "schedule crazy" last night at their meeting and wound up after two or more hours without a 1946 schedule of games, but with a committee agreeing to tackle the problem and report back at the next meeting Wednesday, May 1, at Carm's Place.

The difficulty with a schedule arose from the fact that many teams are using the same fields for home games—for instance, Legion and Universal at Washington Field, Moose and Ducks at Marshall, and Lawrence Indies and Slovaks at Booker T. Washington.

The schedule committee consists of the following: Carm DeLone, chairman; Len Gilbert, Steve Gonda, Joe Eugene, Charles Scaglione and Ralph Plunkett.

Contested in May 1. It was decided that all contracts must be handed in at the May 1 meeting. There has been a merry race to sign players. A few teams are having a tough time, for instance the South Hill A.A. is looking for a first-class catcher, and anyone wanting a catching job should see Joe Augustine at the South Hill club.

The league is due to start on Sunday, May 5, with six games being played. All franchise money has been posted with Secretary-Treasurer Michael Babovsky. The league is ready to start the 1946 pennant chase with 12 teams in the field.

The league managers decided upon 100 percent cooperation with the City Recreation Board in the handling of the carnival details starting Saturday. Mr. Ticeanu, from the carnival talked with the league managers last night and secured their support in selling and taking tickets.

Benswanger Back At Office Today

PITTSBURGH, April 18.—(INS)—Pirate President William Benswanger was back at his desk in Pittsburgh today after watching the Bucs take their season opener from the St. Louis Cardinals. He had been with the team during their California training period.

The Pirate boss was not overly optimistic but seemed pleased when the Bucs copped the opener. He pointed out that the season is still young and nobody can be certain in April where the team will stand when the National League race ends in September.

Butler Lions Club Hosts To Ambridge And Bessemer For Winning Tourney

Bessemer High school basketball team, tourney champions in Class B of the Lions club tourney at Butler, recently were hosts alone with Coach William Ciccone and School Principal Chandler McMillin, at a banquet Tuesday evening at the Butler Nixon hotel. About 200 attended the event.

Attorney Marmaro, of Butler, was toastmaster of the occasion. Jack Dunleavy, of the Butler ball club presented the awards to Ambridge and Bessemer. The coaches of the winning teams, Ciccone and Rubenstein, Ambridge Class A coach, received pocketbooks.

Coach Bruce Speaks
Coach Harold Bruce, of Geneva college, was the principal speaker. From the Officials association the following were guests at the banquet: Austin Cowmeadow, Art Alexander, Sam Richards, Koste and Davis.

Among the coaches present at the banquet were: Joe Joseph, of Freedom, Howard Gills, of Ellwood City, Ike Smiley, of Grove City, and Eddie Treadwell, of Franklin. Joe Dougherty, the Ellwood star center was also a special guest.

Traynor Praises Young Hoot Evers

Former Pirate Star Thinks Detroit Rookie Is Greatest Prospect In Years

PITTSBURGH, April 18.—(INS)—"Unless, Pie Traynor, former manager of the Pittsburgh Pirates, was saying, 'that broken leg keeps him out of the lineup for too long a time. Hoot Evers will be the rookie of the year.'

"Who's the guy in the corner asking 'is Hoot Evers?'" Traynor smiled. "There's a guy who hasn't learned where the foul lines are," he continued.

Evers Is Good
"Evers, my boy," Traynor, probably the greatest third sacker of all time, lectured, "is a fast-moving, hard-hitting outfielder for the Detroit Tigers and probably the most valuable hunk of bric-a-brac to reach the big show since the beginning of the war."

"Read how he was injured?" another reporter in the session asked in a rhetorical manner.

"Slidin' into second base. He was running for the sack when the second baseman whirled to pivot on a double play ball. Hoot was in direct line of the toss, threw up his hands to guard his face and the ball hit his hands and knocked him off balance as he started into his slide. Tough. Huh."

Traynor shook his head. "Hope he's ready to go before too long. He's a helluva prospect."

Campbell May Get Job At Homestead

McKEESPORT, Pa., April 18.—(INS)—Cornelius (Neenie) Campbell, basketball coach at McKeesport High, today was reportedly slated to succeed Chick Davies as coach at Homestead.

Davies earlier this week left Homestead to resume coaching duties at Duquesne University.

Before going to McKeesport Campbell made a reputation as cage coach at Ford City High.

STATE game commission reported today that predatory animals were slowly eliminated in Pennsylvania and predaceous bounties for the year ending May 31 would amount to a record sum. Expenditures for bounties during 10 months of the fiscal year ending in May totaled \$184,010, approximately \$50,000 more than the peak established in 1922. Four dollar bounties approved last year for fox pelts spurred trapping, the commission reported. Pennsylvania's predator problem is on the road to being solved through the combined efforts of trappers and organized fox hunters of sportsmen's clubs, officials said at Harrisburg. Approximately 42,000 foxes were taken during the 10-month period, 19,000 from 15 counties, the commission reported. Killing of foxes is not sanctioned in Delaware and Chester counties, it was added.

Saturday afternoon at the sportsman's farm, near the Harbor, Mr. and Mrs. Ken Beegle, rifle and gun experts, will display their talent to members and non-members. It should prove most entertaining. Mike Pauline, who was in counter intelligence, is home, on reserve. While in Europe he talked to some "big shots" in German military life. There is no truth in the report that when two prizefighters reached Mill and Washington streets and heard the traffic bell ring that they started throwing punches. Some of the Monaca boxers who appeared recently boxed Monday night in Wheeling. Frankie Ritz, former Duane brigade middleweight, now a preacher, boxed Harry Greb in Wheeling some years ago.

Beaver County circuit will open May 12. Slim Ransom is drilling Geneva track men for a meet at Carnegie Tech, May 4. President Harry S. Truman tossed out the first ball at Washington. He is a south-paw. Penn relays will be held April 26-27. Jim Davis of Duke U., a distance top runner is one of Duke's 13 entries. Some enterprising promotionist might be able to stage a marathon or bike races at Joe Rick's race track while the horses are along the Pacific slope. It would be something different hereabouts. A person who has an inflated head should remember that deflation always follows inflation. If you are fair to yourself you'll be fair to others.

Russell Baxter never sent a more devastating right across to an opponent's jaw than that he delivered to knock out Jim Crow, Tuesday night, in Youngstown. The "sock" landed Baxter in the good grace of fans, and no doubt more of him will be seen in Youngstown. Among those at the fight were Duke Moore, W. G. McMullen, Tommy Jones, Phil Greer, Angelo Cassacchia, "Beanie" DeGarmo (now a resident of Youngstown), and a crowd of others, including Jimmie Dunn of Cleveland who saw Baxter go for the first time. The reception given Eugene Chip, former middleweight champ, was heartening to one who has left the game.

Bill Dewberry is one of West Side's baseball boosters. . . . Harry Elmer, Hillcrest avenue, has had some luck trout fishing. . . . Relative to the "Feed Europe" why not Hooverize and Slenderize? . . . Model T's are scarce but Lou Brady, the ex-judge of boxing, reports he saw three of them following each other a few days ago up Highland avenue hill. . . . There's an old saying: "When you see three red haired persons look for a gray horse." Why? Here & There doesn't know. Announcement of softball and baseball practice sessions cannot be carried in The News. . . . Eugene Mayfield took in the Shanks vs. De John, Parks vs. Charles, Pittsburgh embroglios.

Fair Or Foul

By LAWTON CARVER

Intercollegiate Sports Writer

NEW YORK, April 18.—The Boston Braves, generally rated in recent seasons about on a par with such notable failures as the Philadelphia Phillies, have begun to go places—and the direction is not toward the cellar.

The club lost few standout players to the services, because they haven't had much to crow about in recent years, and thus were not bolstered for this post-war era. So they have gone out and laid money on the line for talent.

First Division Team
The Braves almost certainly will finish in the first division of the National league during the current campaign. Give them a couple of good pitchers and an infielder and they might make the race hot from start to finish.

They are rebuilding under the able guidance of Manager Billy Southworth, and rebuilding in their case does not mean merely exchanging some of their ragamuffins for the failures to be found elsewhere. They are getting together a team composed of good ball players.

When they acquired first baseman Ray Sanders and pitcher Max Surkont from the St. Louis Cardinals, Southworth's managerial aims were clear; they continued to move toward that bright new sea predicted by the new owners of the team.

Seek More Talent
They have other transactions in mind and by this season's end probably will have rebuilt into a top contender for next season.

Southworth told the writer a few weeks ago: "We need players badly for several positions, and we will get them as soon as the other clubs begin to cut down. We are not going to stand still, but will keep right on building."

Phil Masi, the Braves first string catcher, is about the best in his league and Mort Cooper probably

will remain among the best pitchers despite any arm operation last winter. They also have Al Javery and three or four other potential good ones.

Good Outfield
In Bama Rowell, Johnny Hopp and Tommy Holmes they have a combination of speed and hitting in the outfield. Saunders gives them a standard first baseman and they have ample reserves. They are weak at second and short.

A questionable pitching staff coupled with a weak infield this is likely to let them until such time as they can add two or three more players, but right now they are in about as good shape as the Brooklyn Dodgers, for instance, who have done considerable hobnobbing about the pennant they plan to win.

The Braves will finish ahead of four or five clubs in their league this season and the Dodgers may be among those left behind.

The Braves will win 29 or 30 games strictly on Southworth's managing. He has speeded the club up, taught all his players to slide, built hustle and deliberately sought a touch of speed to help disconcert the enemy.

Duke Of Abruzzi Team Will Meet

With interest in the Croton district running high today over the entry of the Duke of Abruzzi team in the City Baseball league, an important meeting of the players has been called for 8 o'clock tonight at the club by Manager Bill Lastoria.

The Dukes are going to make a determined bid for the league title this summer. They have secured Marshall field as their home field along with the Moose club. The Croton fans are assured of some high class ball games this summer.

Expect Dynamic Punching Monday

Heavyweights, Light Heavies, Middles And Welterweights On Arena's Boxing Card

DE GENTHER, BELL IN MAIN BATTLE

Having watched Russell Baxter, graduate of amateur boxing in the Arena, explode a knockout right cross against the jaw of Chicago's Jim Crow Tuesday night in Youngstown, fandom will trot into the local palace of sock here next Monday night to witness eight amateur embroglios, the chief role having been assigned Don De Genther of Pittsburgh, and Ike Bell, brother of pro boxing's Tommy, at 175.

De Genther is trained by Tom Bohr, ex-professional, and if De Genther has any of the stuff which the veteran Jim Metz, an old class blower, and Bohr teach, he ought to give Bell a good fight. And again, if Ike shows as much fast stuff as Tommy did when Tommy boxed here, fans may be certain of witnessing an exciting evening's event.

The semi-final bout has been given to heavyweights. No doubt there'll be a lot of air fanned with swings, but should any of the "Sunday" punches land, there'll be about 200 pounds of flesh aquiver upon the floor. A heavyweight bout is either good or slow, but fans being optimistic, they're looking for action when Chel Brysoka, Pittsburgh, battles Carl Tomizer, New Kensington.

Mike Di Urba, Farrell's stocky-built and be-muscled middleweight, who defeated Geronovitch here recently, has been matched with Larry Polce, Beaver Falls. Polce, like Di Urba, has won here. Al Volgast trains Mike.

Antidote Big Crowd
Walt Waldeen, trained by Rich Gregory, Butler, will battle Young Britton, Beaver Falls, at 175. Bill Jameson was to have boxed Waldeen a week ago Monday, but when he was reportedly not in shape that bout was cancelled.

Marty Johnson, a Yarosz-trained fighter, will return to take on Ray Geier, New Kensington. Marty is the chap who was given the draw-down over the aggressive Johnny Porco, Canonsburg, a week ago Monday. They weigh 130.

Clay Miller, Pittsburgh, will box Bat Lapinsky, rugged Beaver Falls welterweight, and Ray Smith, New Kensington, will box Ray Previs, Butler 138, who was stopped by Chuck Gibson in the third round of the last show's main bout.

The Jefferson A.C. is looking forward to an overflow crowd, the recent win of Baxter having helped increase boxing fever here.

Tommy Leach made the matches for Monday evening's "evening" and he purposely signed heavyweights, light-heavyweights and lightweights for the purpose of regaining any dynamic punches they may have.

JOCKEY SUITERS INJURY
NEW YORK, April 18.—(INS)—Jockey George South, who was tossed over Our Best's head when that horse stumbled in the second race at Jamaica yesterday, was in a hospital today and probably will be unable to ride Fighting Step in today's feature.

A meeting was held last night at the "Y" with an enthusiastic turnout. The next meeting will be held Wednesday April 24 and this will be the final day to enter the league. Entry fees of \$10.00 for each team must be in by May 1.

Bird Riley, secretary of the Softball Umpire's association was present last night and talked over the umpiring situation.

The league will start on Monday May 13th, with probably ten teams in the field, it was announced by Assistant Secretary Anthony Conn.

CHURCH GOLFERS TO MEET TONIGHT

Meeting Called For 9 O'Clock Instead Of 8 O'Clock, Will Discuss Opening

New Castle church golf league captains and officials will meet tonight at 9 o'clock at the Elliott and Wadsworth store with John Caprioli, president in charge.

Plans for opening the 12-team league on Thursday, May 2, at the Castle Hills course will be taken up. Team rosters must be submitted tonight by the captains. Membership cards will be given to each captain for distribution to his players.

It is hoped that Mahoning St. Mary's and Temple Israel will be captains at the meeting. The league is looking forward to a very successful season on the fairways and greens.

Ken Beegle To Shoot Saturday

Will Fire 1000 Rounds From .22 Up To .35 Calibre Game Cartridges

Any person who is possessed of a healthy body, steady nerves, fairly good eyesight and will try, can learn to become an excellent marksman with shotgun, rifle or pistol, or all three, according to Ken Beegle, internationally famous exhibition shot, who has just completed a tour of instruction at many army camps and naval bases throughout the country.

Beegle, whose home is in Atlanta, Georgia, is a member of the sales promotion department of Remington Arms Company, Inc. and has been devoting his marksmanship talents for the past three and one-half years in instructing G. I. boys and Jills in the art of small arms shooting. He has appeared before approximately 2,500,000 members of America's armed forces at over 500 military centers, stressing the efficiency of America's military small arms in the hands of efficient marksmen.

He will appear at the Lawrence County Sportsman's farm on the Pulaski-Harbor road at 3 p. m. Saturday.

Nine Teams In Softball League

Johnson Bronze Enters League At Meeting In Y Wednesday Evening

City and Industrial league softball has nine teams in the field and are seeking a tenth team, it was announced today by Joe Factor, president who conducted the meeting last night.

A meeting was held last night at the "Y" with an enthusiastic turnout. The next meeting will be held Wednesday April 24 and this will be the final day to enter the league. Entry fees of \$10.00 for each team must be in by May 1.

Bird Riley, secretary of the Softball Umpire's association was present last night and talked over the umpiring situation.

The league will start on Monday May 13th, with probably ten teams in the field, it was announced by Assistant Secretary Anthony Conn.

Galento Wants Another Crack At "Choe" Louis

Two-Ton Tony Refereeing Wrestling Shows In South To Get In Shape

ATLANTA, Ga., April 18.—(INS)—Two-ton Tony Galento is back at the same old stand.

Galento stretched, or rather massaged, his 274 pounds on the bed of his Atlanta hotel room Wednesday and declared to one and all: "Alls want outta dis is 'nothin' chance at Choe Louis."

Two-ton Tony stayed stretched out on his bed because, he said, he's in strict training in hopes of getting that return bout with the world's heavyweight champion. The training program is something he designed himself, and as his inventor he named it: "Toney explained."

It's a lounge process of leisure training.

Beer and black cigars are still part of the program, and there is a little exercise involved. In fact Galento is touring the south refereeing wrestling matches, partly to get in shape by mixing occasionally with the wrastlers and partly as a publicity buildup for the fight he wants with Louis.

SERVICE MEN FREE
NEW YORK, April 18.—(INS)—The New York Yankees announced today they will continue their policy this season of admitting service men free to all games at Yankee stadium.

Ken Keltner, just out of the navy, smacked two homers and a double as Cleveland downed the Chicago White Sox again, 7 to 1, behind the five-hit pitching of Alie Reynolds.

Boston's Red Sox trounced Washington again, 13 to 6. Dave (Doc) Ferriss, who won 21 games for the Sox as a freshman last year, was knocked out of the box in the fourth inning.

Protect Your Car Against Rust . . .

The underbody of your car is where rust is most active. Seldom do you see the broadsides making on these metal parts that are so necessary to protect unless you "get out and get under." You can prevent further action of rust on those parts by having Hite Bros. give the underbody of your car an application of 3-M Underbody Protective Coating. It pays to protect what you can't replace.

Seek To Prevent Delay In State Road Program

HARRISBURG, April 18.—(INS)—Representatives of high road builders conferred on Wednesday with Thomas C. Frame, chief engineer of the state highways department, and outlined a plan whereby the state's road improvement program would not be delayed too long.

In view of rapidly fluctuating high prices, the constructors recommended that the department request bids only on small projects which could be completed in one season.

The conference followed only by an hour Gov. Edward Martin's order to the department to press for the completion of as much of the 1946 building program as possible.

Frame met with representatives of the Construction Association of Pittsburgh and the Pennsylvania Constructors association. Secretary of Highways Ray F. Smock was scheduled to attend the conference but was unable to return to Harrisburg from an inspection trip.

Frame was told that the material shortage made it difficult for road builders to estimate costs even after supplies were obtained in view of skyrocketing prices.

The road builders asked Frame to change the day for receiving bids in the department from Monday noon to Friday at 11 a. m.

Frame said the department would continue efforts to complete as much of the program this year as possible under the conditions.

American Loan Aim Of Poland Says Vandenberg

WASHINGTON, April 18.—(INS)—Sen. Vandenberg (R) Mich., told the senate Wednesday that the Polish provisional government is seeking an American loan through the export-import bank.

He declared that such a loan would be scrutinized in the light of whether the Polish government is living up to the Yalta and Potsdam agreements for free elections. Vandenberg said:

"We have not had free elections in Poland, according to the best information. The Peasant party is bringing pressure for a one-party parliament. We have reports of political murders."

"If these reports are true, they are a direct challenge to the integrity of the United States signature of the Yalta and Potsdam agreements."

Vandenberg's remarks came as Sen. Barkley (D) Ky., urging senate approval of the British loan, said the export-import bank can handle other requests.

New Castle Finance Reports Are On File In New York Library

Just in case any New Yorker wanted to check up on the financial status of the city of New Castle, the reports of the city's fiscal affairs since the year of 1902-03 are on file in the New York Public Library.

This information, a surprise to the library staff of the New Castle Public Library, was made known when the New York Library wrote to the local library asking for the reports for the years 1942-43 to 1945-46 inclusive, in order to complete the files. The information had been supplied up to that period.

The reports—that of the director of accounts and finances together with the report of the city comptroller—have been mailed by head librarian Miss Alice Sterling.

"I don't suppose anyone will read them," she says, "but it's nice to know that we rate so much attention."

ROBOT VESSELS TO SAMPLE WATER AFTER BOMB TESTS

WASHINGTON, April 18.—(INS)—The navy announced Wednesday it will send a fleet of radio-controlled robot boats into the atomic bomb explosion area at Bikini atoll immediately after the blast in July to get samples of radio-active water.

In the air, eight robot planes are to be sent into the atomic cloud that will follow the explosion, also to gather scientific information.

The plans were outlined by Maj. Gen. W. E. Kepner, who will command the highly congested pattern of aviation over the area—including 76 army and navy aircraft, all with coordinated jobs to do.

Say one thing for Russians. They never turn against their own system and work to benefit some other country.

Lutheran Churches Will Unite Friday

Lutheran churches of New Castle will unite at Bethany Lutheran church for a three-hour devotional service on Good Friday from noon until 3 o'clock.

The Rev. O. J. Warnath, S. T. M., pastor of St. Paul's church; the Rev. A. E. Simon, minister of St. John's church, and the Rev. L. G. Golder, pastor of Bethany Lutheran church, will preach on the theme "The Seven Last Words".

SOMETHING NEW—SHEETS OF NYLON USED LIKE LEATHER

WILMINGTON, Del. April 18.—(INS)—Dunlop company today announced a new wrinkle in nylon—solid sheets of the versatile material which can be used like leather.

A company spokesman said the sheet-nylon is still in an experimental stage and will not be available until production problems are solved. Eventually, though, the company said, you'll have nylon wallets, brief cases, handbags and even seat covers. All colors, too.
